Daugherty Land & Live Stock Co. Incorporated in Texas on June 15, 1886 and was located at Dallas, Texas. The company forfeited its right to do business in 1896.
Daugherty Land & Live Stock Co. Supplementing our previous report, we found no record of this company's operations nor any value to the stock. Our correspondent at Dallas, after an exhaustive search, found no value to the stock. It is our opinion that the shares are without value.
Daugherty Land & Live Stock Co. E. G. Towler, Treasurer of Howard County, Big Spring, Texas, informed us as follows as of Nov. 10, 1936. "... after investigating the records in Howard County they have revealed in the County Clerk's office that the records show this party has owned quite a deal of land in Howard County and for grass purposes only. But the records showed no disposition of the property, therefore can not place as to whatever became of it through the county records, but the Howard County Abstract Co. records show that they have made abstracts for this property but as there is quite a lot of it and scattered through so much abstracting records, it would take quite a great deal of time and trouble to look it up and see what became of it and Mr. Andy Walker who is the head of the Abstracting Co. said that he could not afford to trace it up and not being acquainted with this work, I don't feel like I could possibly do you much good in tracing to the final windup of it as it covers quite a few pages but think maybe if you would write to Mr. Andy Walker, of Big Spring, Howard County, Texas that he might under consideration of some pay for his trouble trace it up. Of course this is a matter that you can consider." The Clerk of Howard County informed us that the property was sold through the Federal Court at El Paso, R. E. L. Knight, Master in Chancery.

Dayton A., Webster, Inc. Mass. 1936.
Dayton Airplane Engine Company. This company was located at Dayton, Ohio, and manufactured the "Dayton Bear" light aircraft engines. In 1930 the company moved its plant to Pawtucket, R. I. On April 9, 1932 the company's stock was suspended from trading on the New York Curb. In May of 1931 a new group headed by Capt. U. V. D'Annunzio and E. Bossi of the American Aeronautical Corp. obtained control of the corporation through an exchange of stock, which resulted in the Dayton company obtaining a controlling interest in the American Aeronautical Corp. as manufacturers of the Savoy-Marchetti Seaplane and owning one of the largest airplane factories in the country, located on the Sound at Port Washington, L. I., was expected to considerably strengthen the Dayton Company. Due to business conditions the American Aeronautical Corp. was placed in the hands of the receivers some months ago, and we have recently been advised that there will be no dividend paid, which means that this company's investment is entirely worthless. The company has no remaining assets and its stock is therefore entirely worthless. (1934.)

Dayton & Ironton Railroad. Value of 6% cum. preferred stock. Consolidated with Dayton, Fort Wayne & Chicago Railway Company in June, 1887. It has been stated that $13,375,000. was issued for the stocks, bonds etc. of the constituent companies. In March, 1888 this road was placed in the hands of a receiver, who subsequently on March 31, 1888 was authorized to issue receiver's certificates to the amount of $369,668. As of June 30, 1888 liabilities were listed at: Current, $575,936.33; bonds, $5,500,000. As of June 30, 1889 current liabilities were $830,269.96. On January 24, 1891 the Cincinnati, Hamilton & Dayton Railroad purchased this company at public auction for $1,453,384. The Cincinnati, Dayton & Ironton Railroad, as part of the purchasing company, was formed to succeed to the property formerly owned by the Dayton, Fort Wayne & Chicago Railway Company, in consideration of a mortgage. There was no provision made for the stock of the Dayton, Fort Wayne & Chicago Railway Company as the funded debt was not paid in full.

Dayton, New Carlisle & St. Paris Traction Co. On August 11, 1900 it was reported that this company had filed a mortgage for $1,350,000. with the Central Realty Bond & Trust Co. of New York as Trustee upon its proposed electric line from Dayton to St. Paris via New Carlisle, a distance of 34 miles. The company had purchased land for a park at Silver Lake, New Carlisle. The Central Realty Bond & Trust Co. was succeeded by the Lawyers Title Insurance and Trust Co. The Tax Commissioner of Ohio informed us that he has no record of this company. The Public Utilities Commission of Ohio informed us that when he assumed jurisdiction over interurban electric railways in 1911 the records did not disclose this company. It is our opinion that the line was not built. We found no value to the bonds and therefore believe they are without value.

Decatur Southern Traction Ry. Co. The indenture describing the mortgage of said railway, states that the road then was in the process of construction between Decatur in the County of Macon, and Witt, in the County of Montgomery, both in the State of Illinois being 50 miles in length. The trustee for the First Mtge. bonds informed us that it appears that the railway company was merely a development proposition and that there is nothing to indicate that the railroad had ever been constructed. No interest has ever been paid on the bonds. We found no value to the bonds.

Deep Sea Fisheries, Inc.	Fla.	1936.

Deep Sea Fisheries, Inc. Organized August 31, 1921 in Maine as a reorganization of the East Coast Fisheries Company and the East Coast Fisheries Products Company, Inc. Capital stock authorized 450,000 share of no par value. No dividends paid. Company was placed in the hands of a receiver in May, 1926. There was also $1,815,250 First Gold 8% bonds, dated November 1, 1921; due November 1, 1931. Canal National Bank, Portland, Maine, Trustee. On January 28, 1927 the properties of the company were sold at auction at Rockland, Me., to Harry M. Rice, representing the bondholders, for $240,000 for all the property included under the mortgage, which with accrued interest of $611,624 amounts to $2,156,374 and $4,300 for property not covered by the mortgage. The members of the Bondholders Committee were: F. W. Lafrentz, Wallace P. Harvey and F. A. W. Ireland, with Charles P. Gotchiur, secretary, and office at No. 100 Broadway, New York City. It would therefore appear that the entire property was sold in January, 1927 for less than the bonded indebtedness and interest, so that apparently the stock was wiped out. On December 30, 1927, 24 shares of stock sold at auction for $1. the lot. (1936)

Deep Sea Fisheries, Inc. The Canal National Bank of Portland, Maine, informed us as follows on Feb. 5, 1938: "The First Mortgage 8% bonds dated Nov. 1. 1921 and due 1931 were issued in $10. $100. and $1000, denominations. Deepwater Coal & Iron Corporation. In 1930 when I first inquired into the status of this company, I was informed that the company had been and still was in financial difficulties and was unsuccessful in obtaining any additional capital. I was further informed that the company was selling large parcels of its land at nominal prices in an endeavour to meet such obligations. The money received from these sales it appeared was not sufficient to meet its obligations and the company was placed in receiver's hands in 1930. In view of this information and for the reason that the company could not have realized enough from the sale of its properties it then held to pay its debts in 1929, I reported in the Marvyn Scudder Manual of Extinct or Obsolete Companies, Vol. IV which I edited, that the shares of the Deepwater Coal & Iron Corporation in my opinion became worthless in 1929. The information given me at that time showed the actual condition of the company and there was no question as to the worthlessness of the stock for that year. I had no further communication until October 8, 1934 when I received the following from Hugh M. Morris, an attorney, located at Dupont Bldg., Wilmington, Delaware. "I have your letter of October 2, containing inquiries with respect to the above corporation. You asked particularly when the shares became worthless. We have of course, during the period of the receivership, had a great many inquiries of this character and have continuously followed a policy of making no conclusions as to such date but have merely supplied the facts which we have, from which individual shareholders may determine for themselves when the shares became worthless. I believe you will understand the reason therefore from the following statement. I was appointed Receiver and Ancillary Receiver of the corporation in September, 1930. I knew nothing of the corporation beforehand and, upon investigation, found that, out of original holdings of 390,000 odd acres, there remained something less than 26,000 acres; that the land holdings of the company were indefinite and accurate details were not to be had without considerable investigation; that the capital stock of four subsidiaries had been lost or pledged for loans and only one remained; that the corporation has carried on no business in Alabama since 1927; that the corporation had no properties then producing income to it. Further investigations disclosed that many properties could be redeemed from tax sales or mortgage foreclosure sales at a small fraction of the original purchase price to the corporation. The properties were studied with care and, under the direction of the court, Receiver's Certificates were issued in the amount of $190,000. to obtain funds for the redemption of the more desirable properties. Lands were redeemed, as well as the capital stock of the subsidiary actually engaged in the mining of coal. Upon the termination of the receivership (telegram from Receiver H. M. Morris dated March 25, 1935 states Deepwater Receivership terminated October three, nineteen thirty-four) there were 87,696 acres of land or interests in land, as against 25,000 odd belonging to the corporation at the beginning of the receivership. It was of course contemplated at the time of the redemption of the lands that they could be sold very substantially in excess of the amounts required for redemption. Many efforts were made to obtain purchasers for all or a part of the assets, an attempt at reorganization having failed in 1930, prior to the receivership, and no plans for reorganization having been submitted to the Receiver, a long time was consumed in settling or defeating claims to portions of the lands.

Name State Date Charter Forfeited

During the receivership there were about twenty-five law suits involving the parent corporation or its two subsidiaries. When the properties were finally exposed for sale on June 30, 1934, there were no bidders except the holders of Receiver's Certificates, who purchased the properties for an amount less than the principal amount of the Certificates with accrued interest thereon. Hence, not only did stockholders receive no amounts from the proceeds of sale, but also general creditors. By reason of the great confusion and uncertainty with respect to the property the corporation actually had an interest in, coupled with the depression and the condition of mining operations in Alabama, I have been unwilling to conclude exactly in what year the stock became worthless." This additional information was not incorporated in our report in Volume IV for the reason that it had gone to press about December 18, 1933. The above information convinces me conclusively that the shares of the Deepwater Coal & Iron Corporation became worthless at the time its entire properties were sold in June 1934 when the amount received was less than the principal amount of Receiver's Certificates outstanding, which left no equity for the general creditors or stockholders. The above letter clearly points out that if the company had not redeemed the 62,696 acres of its more desirable properties it had previously sold at nominal prices, there would be no question as to the worthlessness of the stock in 1929. However, as the company did redeem 62,696 acres, making its total holdings 87,696 acres, no one could foresee what prices these properties would bring until actually offered for sale. Therefore, as the properties were not sold until June 30, 1934, and the amount received was insufficient to pay the Receiver's Certificates in full and that the Receivership was not terminated until October 3, 1934 it is my opinion that the shares became worthless in 1934 and the investment should be allowed as a deduction for that year.

Deepwater Coal & Iron Corporation. The Honorable Hugh M. Morris, Receiver and Ancillary Receiver for the corporation informed me that the inventory of the estate and property of the corporation as shown by the books, filed in the Court of Chancery of the State of Delaware in and for New Castle County on February 25, 1931, was the best obtainable at the time, but it was discovered that a great deal of it was inaccurate. The records, according to the Receiver were in such a confused state that it took years to arrive at conclusions of any definite nature. It was necessary that the receivership be continued over an extended period of years to settle the many claims against the subsidiaries and the corporation itself. Otherwise, the incident law suits attached to the properties would have greatly depressed their possible sale value. From the receiver's examination of the books and accounts of the corporation, he found them in a confused and, in many instances, unintelligible condition. The final report of the receiver dated July 25, 1934 discloses the condition of the corporation at the time of the institution of receivership proceedings, the facts in which were ascertained after considerable investigation. The final report of the receiver disclosed the following statement as of December 20, 1930.

ASSETS

Coal Lands	
Nauroo Mines	$ 148,155.00

Name State Date Charter Forfeited

Out of the corporation's original holdings of 396,686,17 acres there remained 25,173.87 acres at the beginning of the receivership. At the time the corporation was placed in receiver's hands, it had redemption rights, which had not expired, to redeem certain lands which had been lost prior to the receivership. These properties, I have listed below, are shown at the original cost to the corporation and the price at which said properties could be redeemed in September, 1930.

Property	Original Cost to Company	Redemption Price
Mattingly Tract (54,000 acres)	$ 500,000.00	$ 21,386.22
McCormick Tract (12,028 acres)	599,163.53	141,423.43
Lockhardt Tract (14,852 acres)	850,000.00	289,000.00
	$ 1,949,163.53	$ 451,809.65

The above assets did not include the corporation's equities in the Mattingly, McCormick and Lockhardt Tracts, which amounted to $1,497,353.88. It is my opinion that the corporation's equities in these properties were worth what the corporation paid for them and should be listed as assets of the Deepwater Coal & Iron Corporation as of December 20, 1930.

The additional assets of	$ 1,497,353.88
so adjusted together with the previously reported assets of	836,080.65
totaled	$ 2,333,434.53

as of December 20, 1930.

The receiver reported claims of $2,968,679.33 against the corporation as of December 20, 1930. Exceptions were filed to claims aggregating $2,301,269.74. The major part of said claims was not allowed according to information received. In view of the above, I believe that the capital stock had a substantial equity as of December 31, 1930. This belief is further confirmed by the report of the United States Bureau of Mines, Department of Commerce, published by the Commercial and Financial Chronicle on December 27, 1930, that the total production of soft coal for the country as a whole during the week ended December 6, 1930 was estimated at 9,607,000 net tons. This was an increase of 902,000 tons over the output in the previous week. The production of coal of the State of Alabama for the week ending December 6, 1930 amounted to 295,000 net tons. This was an increase of 75,000 net tons over the output in the previous week. The total production of soft coal for the year 1931 was greatly in excess of the year 1930. These figures show that the soft coal industry in general was on the upward trend since the beginning of the receivership in 1930. In addition, the receiver's final report disclosed the following: "Lester A. Pratt et al V Deepwater Coal & Iron Corporation, Petition of Pratt and others in the District Court of the United States for the Northern District of Alabama, praying that Deepwater Coal & Iron Corporation be adjudicated a bankrupt was filed in September, 1931. A motion to quash the service was granted and the case was dismissed." Taxes against the lands and interests in realty of the Deepwater Coal and Iron Corporation were paid up to January 1, 1933. Taking into consideration all of the above factors I am of the opinion that the shares of stock of the Deepwater Coal & Iron Corporation first became worthless on June 30, 1934, when the amount received for the assets was less than the outstanding indebtedness. The sale was subsequently confirmed by the Court of Chancery of the State of Delaware in and for New Castle County and by the District Court of the United States for the Northern District of Alabama.

Delaware and Eastern Railroad. First Mtge. 5's due 1957. This road was foreclosed on Aug. 16, 1911 when the property was sold for $150,000. to the bondholders' committee. The accrued liabilities of the company including receivers' certificates amounted to over $200,000. The depositing bondholders apparently furnished the required amount of cash to buy in the property. Undeposited bondholders who did not deposit their bonds with the committee and contribute to the purchase of the road were left with no equity, and the bonds are therefore without value.
Delaware Electric Light, Power and Railroad Company. Value of First Mtge. 5% bonds due 1929. The Guaranty Trust Company informed us as follows on Oct. 18, 1937: "Our files indicate that The State Trust Company was appointed Trustees under the Indenture dated January 3, 1899 executed by Delaware Electric Light, Power and Railroad Company. Since the authentication and delivery of $91,000 principal amount of these bonds, no reference has been made to this issue, according to our files, other than in copies of correspondence dated 1914."

"From a letter dated July 3, 1914, it appears that the Company filed after a part of the grading for the proposed electric railroad had been completed. Two or three attempts were made to construct the road by different companies succeeding to the former Company's interests." "A copy of a letter from the State of New York Public Service Commission at Albany, N. Y., dated July 1, 1914 stated that" .... The records of the Secretary of State's office show that on Dec. 16, 1898 an amended certificate of incorporation was filed in the name of the 'Delaware Electric Light, Power & Railroad Company.' "The certificate of incorporation stated that the objects of the company were the manufacture and distribution of electricity in the town of Sidney and the village of Franklin, and the construction of an electric railroad of 14½ miles from Sidney to Franklin. This corporation never seems to have become active, and its name does not appear on the records of the former Board of Railroad Commissioners or of this Commission." It would appear that the bonds were secured only by a franchise, which the company forfeited. The bonds apparently have no value.

Delaware & Pennsylvania Railroad Company. The Delaware & Pennsylvania Railroad Co. was incorporated in 1857, but its line of railroad extending from the Pennsylvania-Delaware State Line to Delaware City, Delaware, was not completed until 1873 and in that year the company merged with the Pennsylvania & Delaware Railroad Company (a corporation owning a railroad extending from Pomeroy, Pa., to the Pennsylvania-Delaware State Line) to form a new company called the Pennsylvania & Delaware *Railway* Company, which latter company assumed the obligations of the two predecessor companies. The new company defaulted in the payment of interest on its funded debt and its property was sold in 1879 under foreclosure proceedings for the sum of $100,000. Since the company's funded debt totaled more than $1,600,000 the sale left no equity for the stockholders and I regret to advise that the stock has no value.

Delaware Shore Railroad Co. This company was incorporated Feb. 20, 1873 and opened its road from Woodbury, N. J., to Pennsgrove, N. J., in July 1876. The company was placed in hands of a receiver in December, 1877 and the road sold under foreclosure on July 26, 1879, under decree of Court of Chancery of New Jersey. As the property was sold for a sum below the company's outstanding mortgage indebtedness, the equity of the stockholders was entirely extinguished, and I regret to advise that the stock you hold has no value.

Del Rio Mining Co. Incorporated in Calif. in 1917 and has an office at 568 Wrigley Bldg., Chicago, Ill. The Adams Corp. located at the above address informed us on January 22, 1937 as follows: ". . . wish to say that at the time the Del Rio Mining Company was organized the mineral rights upon a certain tract of land in California were transferred to it. While these mineral rights may have some value, up to the present time the property had not been explored and the company has no funds with which to do any exploration work. These mineral rights are the only assets the company has." "So far as we know, there is no market for the stock of the company and it had very little, if any, value on April 14, 1936."

Denver City Cable Ry. Co. Reorganized as Denver City R. R. Old First mortgage bonds with Jan. 1894 and subsequent coupons attached were exchanged for First mortgage bonds of the successor company, at the Central Trust Company, New York City, now Central Hanover Bank & Trust Company.
Denver City Consolidated Mining Co. The New Denver City Mining Company, located at Denver, Colo. informed us in 1934, that there was a reorganization of the above company many years ago, the capital being reduced, one share of stock of the new company was issued for each ten shares of stock of the old company.
Denver City Tramway Co. The First & Ref. 5% bonds due 1933 have a decree value of $398.20 per $1000. bond. Collect on unstamped bonds from the International Trust Company, Denver, Colo.
Denver City Water Co. The New York Trust Company of New York City, holds unclaimed funds that are payable on the Committee Receipts for 5% General Mortgage Bonds issued 1895 at the rate of $25.27 per $1000. Receipt representing two payments, one of $5.67 and the other of $19.60. The payments became effective about 1918.

Denver-Greeley Valley Irrigation District. To the Owners and Holders of Bondholders' Protective Committee Collateral Trust Six Per Cent Gold Notes represented by Certificates of Deposit for Bonds of the Denver-Greeley Valley Irrigation District, Denver-St. Vrain Municipal Irrigation District, North Denver Municipal Irrigation District for which Trustee's Participation Certificates, Class A and B, were issued in exchange. We received following from the Chicago Title and Trust Co., Chicago, Ill., Trustee, dated August 11, 1937: "The Irrigation District bonds of the above mentioned district deposited with the Bondholders' Protective Committee were used as secondary security to secure the payment of the committee notes issued in connection with the reorganization and refinancing of the affairs of the Denver Reservoir Irrigation Company. The Trustee's bonds were the primary security for the payment of such notes. All of the assets of the trustee, consisting of land, water stock, farmers' contracts, etc., are security for the payment of the trustee's bonds, subject only to payment of advances and charges. Approximately $2,600,000 of committee notes were issued. These notes became due in August 1918 and are still unpaid, without any interest having been paid on such notes from the time of their issue. Reports and circulars issued from time to time to depositing bondholders gave the successive steps taken in the reorganization and the reasons for the failure of the Committee to pay the interest and the principal of the committee notes. The latest phase of the situation is that the noteholders, through a committee, have asserted their rights,, and, at a public sale held on the 26th of June, 1919, acquired the trustee's bonds and the Irrigation District bonds, or all the asset which were the security for the payment of the committee notes." "The Bondholders' Protective Committee has secured an agreement from the noteholders, the intent of which is that if the noteholders ac-

quire all of the physical property, including the district bonds, and use such property to satisfy their claim the surplus after the principal and interest of the notes are paid, is to go to the district bondholders. This is a general statement regarding said agreement, it is much circumscribed and contains many contingencies. Since the Bondholders' Protective Committee was not entitled legally to any concession, it secured the best agreement it could under the circumstances." "One of the phases of the reorganization of the affairs of the Denver Reservoir Irrigation Company was the foreclosure of the D. R. I. C. bonds, the holders of such bonds receiving Class A participation certificates in lieu of such bonds. These certificates were to be paid after the trustee's bonds were paid off. It is doubtful if the sale of the assets in the hands of the trustee will produce enough to pay the principal and the accumulated interest of the trustee's bonds. The noteholders' Committee, in a report to its depositors, expresses the opinion that the proceeds from the sale of the trustee's assets will not be sufficient to pay all of the principal and interest of the trustees's bonds.". "Participation certificates Class B were to be paid after the Class A certificates were paid in full. In view of what was said about the Class A certificates, it would follow that Class B certificates were worthless." "Mr. Conrad H. Poppenhusen, 11 South La Salle St., Chicago, Ill., is attorney for the Noteholders' Committee."

Denver & Southwestern Railway Company. Value of Preferred Stock. Incorporated November 18, 1899. The property of this company was foreclosed and sold on October 24, 1904 for $900,000. Funded Debt, Midland Terminal Railway, $480,000. first mortgage; Denver & Southwestern Railway, $4,923,000. general mortgage 5's, secured by collateral. The general mortgage bonds, according to reports, received about $187.50 for each $1000. bond, and the Midland Terminal bonds were probably paid off at par, leaving no equity for the capital stock, which is without value.

Denver Tramway Co. Reorganized as Denver Tramway Corp. Old stockholders who paid assessment received stock in the new company.

Deppe Motors Corp. Incorporated in Delaware and was engaged in the "superheat Gas Engine" methods with an office at 149 Church St., N. Y. C. in 1927. President, Wm. P. Deppe; Vice Pres., W. E. S. Strong; Secretary. N. D. Lancaster; Treasurer, G. B. French; Director, Arthur Young. The corporation was listed in R. L. Polk's Corporation Directory for the year 1933, but was not listed in 1934. Undoubtedly, the corporation went out of business in 1933. The opinion of Judge Runyon in the U. S. District Court at Newark, N. J. in the case of Wm. P. Deppe and Deppe Motors Corporation vs. General Motors Corporation held that patents granted to Deppe in 1920 set forth a fundamentally new conception of the treatment of air and fuel mixtures for gasoline engines against General Motors contention that they were nothing more than specific improvements. Mr. Deppe informed us that the company was liquidated in February, 1933, at which time it had no assets and its stock was without value. The Deppe Motors Corporation had exclusive rights to the patents of Mr. Deppe until it was dissolved. Mr. Deppe informed us that his litigation against General Motors is nearing a close and if he is successful in obtaining any settlement from General Motors he will make a gift of part of said settlement to the stockholders of the Deppe Motors Corporation although he states he is under no obligation to do so. The shares in this case have only a problematical value if Mr. Deppe does not have a change in mind. (1936.)

Diamond Point Mining & Milling Co. This company had its principal office in Chicago and owned a mine at Galena, near Deadwood, S. D. The claim was staked by Isaac Turgoose, who thought it was worth while to form a company. As far as our records show it was merely a stock selling scheme, for the company only received $4,000. for development out of over a $1,000,000. received from the sale of stock. This mine is nothing more than a hole in the ground and is entirely worthless. We submit the shares as worthless as of July 10, 1934.

Distillers Securities Corporation. Incorporated, New Jersey, September 18, 1902. Capital, $32,500,000. Par Value, $100. Address, 15 Exchange Place, Jersey City, N. J. This company changed its name in 1919 to the U. S. Food Products Corporation and this latter corporation was declared bankrupt in February, 1922; all of its assets have been disposed of; the claims of all creditors have not been paid in full; the corporation has ceased to perform any of its corporate functions; and the stock has no market value today. The properties pledged to secure the obligations of the corporation were reorganized and certain privileges, but not rights were extended to holders of stock of the U. S. Food Products Corporation. These privileges, however, expired February 11, 1924.

Divide Charter Mining Co. Incorporated in Nevada and forfeited its right to do business on March 1, 1931. The last report filed in 1930 showed Mr. B. A. Rives of Tonopah, Nev. as Treasurer. Mr. Rives informed us on Feb. 18, 1937 that this company has long since passed out of existence and its stock has no value.
Divide County Rural Telephone Company. N. D. 1936.
Divide Extension Mining Co. The above company was incorporated in Nevada and is delinquent in the amount of $60.00 in fees and penalties covering the period of years from 1930 to date. It forfeited the right to do business legally under its charter on the first Monday in March of the year 1931, and in order for it to again do business legally, the above amount would have to be paid and an affidavit and list of officers filed as required by law. The last officers filed on June 18, 1929 were: President, C. N. Miller, 58 Sutter St., San Francisco, ;Vice Pres., J. A. Hassell, Chester Williams Bldg., Los Angeles, Calif.; Vice Pres., Wm. P. Seeds, Clay Peters Bldg., Reno, Nev.; Secretary, W. N. Bannan, 58 Sutter St., San Francisco, Calif.; Treasurer, Townley Ball, San Francisco, Calif. The principal office in the State of Nevada on the above date was located at room 308, Clay Peters Bldg., Reno, and Wm. P. Seeds is the duly authorized resident agent of said corporation. In 1930 sold all its assets to Divide Extension Consolidated Mines Co. located at Holbrook Bldg., San Francisco, Calif. One new share was given for each 2 old shares. Biel, Russell & Saxe, of N. Y. last quoted the new shares at .00½ bid, .03 asked, on Nov. 27, 1936. The new shares we believe, are still listed on the San Francisco Mining Exchange.
Divide Leasing Corp. N. Y. 1935.
Dividend Land & Leasing Co. Incorporated in Missouri on March 10, 1909 and was located at Joplin, Mo. Mr. Orville D. Royse of Joplin was the attorney. The charter of the company was forfeited on January 1, 1920 for failure to file report for the year 1919. We found no value to the stock and therefore believe the shares are without value.

Dodds Granite Corp. (Del.) Value of 5% bonds. We received the following letter from the Real Estate and Mortgage Corporation of Worcester, 16 Franklin St., Worcester, Mass., dated January 24, 1938 and signed by the President: "Your letter to J. C. Dodds Memorial Studios has been sent to me, inasmuch as we are handling the affairs of the Dodds Granite Quarries, Inc. Because of general business conditions and the general inactivity of the granite market, no substantial progress has been made in the liquidation of the Dodds Granite Quarries in accordance with the Plan of Reorganization, despite the efforts of the Board of Control and particularly of Carl L. V. Exselsen of New York, President of the Dodds Holding Co." "In accordance with the provisions with respect to the duration of the Plan, holders and owners of more than 51% in amount of Group A and Group B Debenture Certificates extended the operation plan until November 30, 1938. The writer was elected to succeed Mr. Exselsen on November 29, 1937. Efforts to arrange for either the leasing or sale of the Company properties will continue."

Dodge-Weldon Iron Company. Incorporated in New Jersey on May 12, 1917 and lost its charter on May 10, 1921 and has not been reinstated. The company had its principal office at 15 Exchange Place, Jersey City, N. J. Treasurer, R. E. Carrich, 420 Madison Ave., N. Y. C. Mr. Carrick informed us on Oct. 22, 1934 that it is his belief that the stock has no value. The company had leaseholds only on certain mines in New Jersey under war conditions, and have lapsed. At that time the liabilities were more than the assets and the company has been defunct for several years.

Dominion Bessemer Ore Co., Ltd. We received the following letter from Mr. W. C. Meyers, Asst. Sec'y, of the Bankers Trust Co, New York City, and dated Feb. 18, 1938: "We have your letter of Feb. 17, which we assume is in connection with 30 Year First Mortgage Bonds due January 1, 1938 of Dominion Bessemer Ore Company, Ltd." "Bankers Trust Company is Successor by merger to Manhattan Trust Co., Trustee under the First Mortgage of Dominion Bessemer Ore Company, Ltd., dated January 2, 1908, which was given to secure these bonds. We are advised that several years ago the first lien on the property of the Company was foreclosed. As the result of this foreclosure, the bonds issued under the above mortgage became worthless." "In a letter to us of May 6, 1921, Mr. Frank Spencer Lewis, Real Estate Trust Bldg., Phila., Pa., wrote as follows:" "As the last President of the Company, I would advise that the bonds became entirely valueless through the foreclosure of the first underlying purchase money mortgage for $31,243.75 and interest. This purchase money mortgage referred to in the bonds was a part of the total purchase money mortgages of $131,-243.75. The property reverted to the original owners." "We do not have funds on hand for the payment of any coupons from this issue."

Dominion Combing Mills. Acquired by Hamilton Cotton Mills, Ltd.
Dominion Copper Company Ltd. Company was organized in Canada to develop property at Phoenix, British Columbia, and became financially involved in 1908 and was forced to liquidate subsequent to winding up its affairs in 1910. The property was sold in 1909 under foreclosure for $261,000. to bondholders. There were outstanding $800,000. of bonds. It is therefore reasonable to assume that there was no equity left for the stock which is without value. The property of the new company (New Dominion Copper Co. Ltd.) was sold and the bondholders received 11% in liquidation.
Dominion Copper Company, Ltd.. The National Trust Company, Limited, Toronto, Ontario, informed us that they still have funds from the liquidation of the company's properties for the payment in respect of bonds not yet presented for payment.

Don Rouyn Gold Mines Ltd. Incorporated in 1923 in Quebec and had an office at 14 Hospital St., Montreal, Que. Mr. John G. Porteous, of Brown, Montgomery & McMichael, barristers, located at Royal Bank Bldg., Montreal, informed us on Nov. 29th, 1935 that the properties of this company were sold at auction sometime in 1934 and that the company has gone out of business. The price realized at the public auction was not sufficient to make any payment to the shareholders, after payment of the liabilities. Therefore, in view of the above, it is our opinion that the shares first became worthless in 1934 when the company lost its property and had ceased to exist.

Dry Dock East Broadway & Battery Railroad Company. Value of 4% Bonds due 1960. The property of the company was foreclosed about 1932, at which time the City Bank Farmers Trust Company of New York did not receive sufficient funds to pay the bonds having a prior lien, leaving no equity for the above bonds for which the Central Hanover Bank & Trust Company acted as trustees. Therefore, I submit the bonds as worthless as of September 2, 1937.

Its principal office was located at 810 Broad St., Newark, N. J. and William V. Rafferty was the agent. President, W. M. Evans; Secretary, J. H. Tucker (1922), 47 Broadway, N. Y. C. The company apparently never developed their property if it had any as no mention is made of the company in our mining records. It is our opinion that the shares are without value.

The corporation was dissolved by Proclamation of the Governor published April 2, 1924. We found no record of this company's operations and therefore believe these shares are without value.
Durango Land & Coal Co. Mr. W. A. J. Bell, President of the Durango Land & Coal Co., located at Mining Exchange Bldg., Colorado Springs, Colorado, made a final distribution on the stock of the company on the basis of $9.81 in cash and one share of Durango Railway & Realty Company stock for each two shares held. The previous payment amounted to $5. per share.
Durango Mining, Milling & Exploration Co. (resumed business, Me.).
Durango Railway & Realty Company. We received the following letter from The First National Bank, Durango, Colorado, dated January 21, 1938 and signed by K. S. Rucker, Vice President. "I am today in receipt of yours of the 17th inst. making inquiry in regard to shares of stock of the Durango Railway and Realty Company. I wish to say in reply that the company is inactive and there is no market for the stock. The holdings consist of vacant property upon which taxes have accumulated for the last seven years. While there is some value, the cost of redemption and putting matters in shape would be so great that loss would be incurred as the amount which could possibly be realized from the sale would be smaller."

Durkee, Charles, Estate. Value of various interests. We received the following letter from the Treasury Department, office of the Secretary, Washington, D. C. dated September 27, 1937 and signed by Joseph Greenberg, Chief of Division of Bookkeeping and Warrants. "Receipt is acknowledged of your letter of September 14, 1937, advising that a client states he holds certain certificates of the Charles Durkee Estate, which he claims has an interest in $64,000,000 of first mortgage bonds of the Union Pacific Railroad which bonds were reported to have been assumed by the United States Treasury in 1885." "You are advised that many inquiries have been received in this Department from time to time respecting the so-called Durkee claim, the usual version of which is set forth briefly in the enclosed copy of a statement 'For the Press' issued by the Treasury Department, January 26, 1914, warning all persons that the claim is without foundation and money paid for a share or interest therein would be money thrown away." "A little over ten years ago, George Westcott Stern, S. T. Kent, Oliver and R. W. Warren were convicted in Richmond, Virginia, for violation of the postal laws in attempting to secure moneys on false pretenses, in connection with sales of interest in the Durkee claim." The following is a copy of the article "For the Press" issued by the Treasury Department, January 26, 1914. Information has reached the Department that certain persons are endeavoring, in various parts of the country, to sell shares or interests in an alleged claim of the estate of Charles Durkee, deceased, against the United States. "This claim, briefly stated, is that Charles Durkee was the owner of the entire issue of 'first Mortgage' or paramount lien bonds of the several Pacific railroad companies which received aid from the Government, such issue amounting, in round numbers, to $64,000,000; that he deposited these bonds with the Treasury Department to secure the completion of the Pacific railroads; and that, on the completion of such roads, the Government, instead of returning the bonds to the said Durkee or his estate, sold them, and now holds the proceeds ($64,000,000 with interest) as trustee for the said estate. "The Department is informed that the promoters of the alleged 'claim' are representing that the justice thereof was admitted by the late Secretary of the Treasury. Franklin MacVeagh, and that he was about to direct payment of the same when he left the Department; "The records of the Department show that there is no foundation whatever for the alleged claim; and that the statement as of the admission made by, and the proposed action of, the late Secretary is false. No bonds whatever have been deposited with and branch of the Government by any of the Pacific railroads, except those deposited in pursuance of the joint resolution of Congress, April 10, 1869 (16 Stats. 56), which authorized the President to require from the companies security for the completion of the roads. The bonds so deposited, amounting to $5,600,000. were returned to the companies on the completion of the roads. (Finance Report, Vol. 28, page 237-1869, and Vol. 29, page 193-1870). The act of May 7, 1878 (20 Stats. 58) and the act of March 3, 1887, Sec. 5 (24 Stats., 488), provided that sinking fund should be established in the Treasury of the United States for the satisfaction of the indebtedness of those companies to the United States on account of aid extended them in the construction of their roads, the said fund to be invested in the United State bonds or first-mortgage bonds of said companies. The bonds for that fund were purchased in the open market, and when the railroads paid their said indebtedness to the Government (represented by 'subsidy bonds'), the said fund was closed and the bonds then to its credit were disposed of in accordance with the the terms of the debt settlements agreed upon between the Government and the representatives of the railroad companies.". "Other than as above set forth there have been no deposits of bonds of any kind with the Government on account of any of the Pacific Railroads." "All persons are warned that money paid for a share or interest in this so-called claim will be money thrown away."

Eagle Mining Company, Ltd. Incorporated in Idaho on July 31, 1905 and forfeited its charter on Dec. 1, 1914. On July 8, 1916 the company was reinstated, and on Dec. 1, 1917 the company again forfeited its charter. It has not been reinstated since that date. We searched our mining records back to 1905 and found no record of this company's operations. We found no value to the stock and therefore believe the shares are worthless.

East Coast Fisheries Company. Incorporated in Maine in 1917 to operate a fleet of fishing vessels off the Atlantic Coast with an office at 7 Wall Street, N. Y. C. The properties were shut down by receivers in 1921. The company was reorganized as the Deep Sea Fisheries Co. and one share of new stock was given for each share of preferred stock of the East Coast and one share of new stock for each 20 shares of common stock of East Coast. The Deep Sea Fisheries Co. went into receivers' hands and its properties were sold under foreclosure in 1927. There was no equity left for the capital stock. Therefore the shares of East Coast Fisheries Co. are without value.

East Palestine Rubber Co. This company was formerly located at East Palestine, Ohio. Some years ago the property was taken over by another rubber company which in turn has been unable to operate for over a year on account of financial difficulties. Bankers of East Palestine, Ohio, advise that there is absolutely no value attached to the capital stock and in our opinion, the shares are worthless. A corporation of this name organized under the laws of the State of Washington, had its charter revoked July 1, 1920 for failure to pay license tax.

East River, Central Park & North River Railroad Company. Incorporated in New York on Nov. 15, 1889 and had an office in New York City. Public Service Commission reported in 1913 "No record of any construction." Our railroad book issued by the State of New York for 1891 reports that the last report filed by the company was for the year 1890. The company apparently went out of business in 1890 as we found no trace of the company since then nor any record of construction. We found no value to the stock and therefore believe the shares are without value.

Eastern Terra Cotta Company. Incorporated in New Jersey and lost its charter on January 18, 1935. The company is located at Old Bridge, N. J. Mr. Leslie J. Tompkins, an attorney, located at 116 John St., N. Y. C., informed us as follows on Sept. 23, 1937: "The preferred stock of this company was issued and exchanged for preferred stock and other claims that were had against the old New York Architectural Terra Cotta Co. The bottom fell out of the terra cotta business around 1930 and reorganization became neccesary. In the intervening years since the reorganization and particularly for the first two or three years business of the company as well as the terra cotta business in general was very small. About two years ago things began to pick up, and I am pleased to say that the company has within the last two years done enough business to take it out of the red and show a little profit, but not enough business as yet to pay dividends on the preferred stock. Mr. Richard F. Dalton, who is the President and Manager, is indefatigable in his efforts to put things over. It may well be that the demand for architectural terra cotta is either remaining stagnant or may be reduced, but Mr. Dalton has for some time been manufacturing what is known as machine made terra cotta, and in addition thereto he has developed a terra cotta tile which is meeting with very great success, and all of us who are stockholders are looking forward to possibilities along this line. Of course, the stock is not on any exchange. I know of few, if any, sales. I was told certain preferred stock sold around $6.

Ecuador Gold Mining Company. Fla. 1936.
Ecuadorian Association, Ltd. Value of 6% Deb. Bonds. Incorporated in England on April 4, 1899 and was located at Threadneedle House, London, Eng. The object was to complete the Guayaquil & Quito Railway in Ecuador. In voluntary liquidation about 1905 subject to supervision of the Court—Liquidators, Francis More, C. A. and H. W. Haldane, C. A., 24 St. Andrew Sq., Edinburgh. The Board of Trade of London, England, informed us on April 28, 1937 that the above company was dissolved in March 1933. Mr. B. E. T. Boswell of 9 Bisinghall St., E. C. 2 London, acted as liquidator. No unclaimed money has been paid into the Companies Liquidation Account. Apparently there were no funds available for the Participating Debentures.
Ecuadorian, The Corporation, Ltd. We received the following information from Lever, Honeyman & Company, 9 Bisinghall Street, London, England dated May 7, 1937. The Debentures of this corporation were exchanged for Preference Shares in a Canadian Corporation of the same name some years back on the liquidation of the English Corporation.

Eighty-Seventh St. and East End Avenue Corporation. This corporation was organized under the laws of the State of New York and was located at 170 East End Avenue, N. Y. C. Mr. Guion H. Fountain, formerly Vice President of the Corporation informed us that this company built the Doctors Hospital Building and leased it to the Doctors Hospital. In the early part of 1932 the company owed about $2,700,000 on mortgages and to banks which they could not pay even in the event of foreclosure. Therefore, in August 1932 the stockholders deeded the property to the Doctors Hospital on condition that said hospital assume the debts, leaving the corporation with no assets. In February of 1933 the subject company was formerly dissolved. Therefore, we submit the preferred and common shares as worthless.

El Dorado Refining Company. Organized in Delaware in 1919 and was located at Eldorado, Kansas. Chas. G. Yankey, Eldorado, Kansas, was President. The properties consisted of a refinery at Eldorado, Kansas. Mr. Yankey informed us that the property of the company was foreclosed some years ago and there was no equity left for the capital stock after the final liquidation. Therefore it is our opinion that the shares are without value.

Electric Typographic Company of W. Va. P. G. Michener was appointed receiver for the above company and their only asset was some stock in the Rogers Typographic Company of Detroit, that liquidated. Three dividends were paid on the stock, the third being one-fifth of one cent per share. The first two payments are shown by endorsements on the stock certificate.
Electric Typographic Co. of W. Va. The following letter was received from Benjamin L. Fairchild, an attorney, located at 280 Madison Ave., N. Y. C. dated July 16, 1936. "Your favor of the 14th inst. making inquiry in regard to the Electric Typographic Co. of West Virginia, received. More than forty years ago a receiver of this company was appointed in West Virginia. My best recollection is that the only asset, a small fund, was at that time distributed by the receiver as a dividend of a few cents per share, to the shareholders. All this was a long time ago and I have ever since considered my stock of no value. The receiver died a number of years ago."

Elko Groceries, Inc. N. Y. 1935.

Elko Realty & Development Company. We received the following letter from the First National Bank, Elko, Nevada, signed by E. E. Ennor, Mgr., dated May 17, 1938. "This will acknowledge your letter dated May 13th, concerning First Mortgage (seven per cent) bonds of the Elko Realty & Development Company at the First National Bank of Elko, Elko, Nevada, R. H. Mallett, Trustee." "Mr. Mallet has been deceased several years and the First National Bank of Elko sold out to the First National Bank of Nevada in 1936, and the latter operates a branch at Elko. The Elko Realty & Development Company defaulted on the First Mortgage bonds at the time the first coupons were due and at later date the real estate pledged under the mortgage was sold for delinquent taxes. Eventually some of the bond holders organized a new company under the name of Elko Securities Corporation whose main office is located at 67 William St., % C. T. Roe, in your city. Some of the property was sold but I believe the new corporation still owns some of the property in Elko and I suggest that you communicate with their New York office for any detailed information." Mr. Roe informed us that the bondholders refused to put up any money to pay the delinquent taxes, and that when the property was sold, the bondholders lost all equity. The bonds are without value.

Elkton Cash Store, Inc. Fla. 1936.

Elkton Consolidated Mining and Milling Company. Incorporated in Colorado and was declared defunct on Oct. 17, 1927. The Elkton Company, successor to the subject company located at Colorado Springs, Colo., informed us on March 31, 1936, that the stock of the Elkton Cons. has no value. At the reorganization stockholders of the old company were given the right to purchase stock in the new company on a share for share basis plus a two cent assessment. This was continued for two or three years but closed several years ago and there is no basis of exchange now. The shares are worthless.

Emerald Oil Company. Incorporated in Delaware and is located at Winfield, Kansas. The company informed us on April 11, 1936 as follows: "The Emerald Oil Co. was crushed years ago and has been struggling to recover, but the process is a long drawn out one, due to the lack of working capital and small size of the average well we drilled in. If the company were liquidated today, there would be nothing left for the stockholders. The only outlook for recouping of value for the stockholders lies in our ability to continue the Company and ultimately open some new values at low cost, especially through the deeper drilling on some of our shallower properties where we believe the chances are 30-50 of encountering deeper zones. This we can not do until the market prices and demand for crude oil improve. The only outlook for the company is for us to struggle along keeping it alive, and aiming to accomplish the end stated. There is no market for the stock and the last quotation of which we heard was $1.00 per share for the preferred stock in private sale. In fact, the only value behind the stock lies in our continuing the company as stated." (1936.)

Emma Mines, Inc. First Lien 3-year 7% Notes dated December 1, 1926. The First National Bank at Twin Bridges, Montana is not the trustee for the above bonds nor interest payer. We have been informed by Mr. J. M. Jackson, Secretary of the Butte-Madison Mines Corporation of Butte, Montana, that the Emma Mines, Inc., was taken over by their company sometime ago. The First lien Ore Notes issued by the Emma Mines, Inc., will be paid by the succeeding company when mining operations are resumed, which will be in the near future. The present low prices for metals was the cause of ceasing mining operations, but the company is about to take over a gold mine located near their properties. This will enable them to mine gold ore while silver and lead are quoted at such low prices. George G. Barber, President, has an office at 52 Wall Street, New York City, and we refer you to him for further information. (1931.)
Emma Silver Mines Co. The Alta United Mines Co. located at 22½ E. 1st St., Salt Lake City, Utah, was formed in 1931, when 34 separate companies were absorbed on the basis of one new share for each old share, plus 4¢ per share of stock so surrendered. The consolidation included the Emma Silver Mines Co. and the Alta Merger Mines Co. We know of no market for the new stock.

Engineers Lease, Inc. Incorporated in Colorado and according to the annual report filed March 14, 1934 the following are listed as officers: President, James H. Steele, 420 W. Ralston Rd., Denver, Colo.; Treasurer, C. L. Colburn, 5-11 C. A. Johnson Bldg., Denver, Colo. Mr. Colburn who is Secretary of th Colorado School of Mines Alumni Assn. located a. 926 Patterson Bldg., Denver, Colo. informed us as follows: "Company was formed by the Colorado School of Mines Alumni Assn. several years ago to give employment to young mining graduates who were in desperate need of work. Those who subscribed for stock did so for charitable reasons rather than from an investment standpoint. The Engineers Lease was successful in relieving unemployment among the newly graduated men from the Colorado School of Mines but it did not prove a financial success. It is not in operation today and there is no market for its stock."

Enriquillo Company, Inc., The. Value of Capital Stock. Value of First Mortgage 7% bonds. The Trustees records indicate that the bonds have been in default in the payment of interest for many years. Recently, the lien of the Trust Indenture on the property pledged thereunder expired, and a notice was mailed to all known bondholders. None of the bondholders took any action towards the payment of the cost of reinscribing the mortgage and consequently no action was taken by the Trustee to that end. We would suggest that you communicate with Dr. H. B. Gooding, President of the Company, at 26 North Washington Street, Tiffin, Ohio, for information concerning the present affairs of the company. Escondida Mining Company. This company was incoporated under the laws of Arizona, June 25, 1909, and since said date has failed to file reports or pay registration fees annually, as required by law, and will be declared legally dead in due course. We have been unable to find a record of the company's operations in mining manuals since 1909 nor any value to its stock, which we believe is worthless.

Esperanza Limited (England). Mr. A. G. Slack, 49 Moorgate, London, E. C. 2, England, informed us on March 30, 1936, that the company dissolved in October 1933, and paid a liquidating dividend of 0.55d per share. Unclaimed funds probably go to the Companies Department, Board of Trade, Great George Street, London, England.

Esperanza Mines, Inc.	Del.	1934.

Esperanza Mining Company. Value of stock dated 1884. Incorporated in New York and was located at Land Title Bldg., Phila., Pa., in care of W. R. Nicholson, President. Property consisted of 83 pertenancies, and 40 acres miscellaneous lands on Cedros Island, in the Gulf of Calif., Mexico. The company was dissolved by Proclamation of the Governor of New York. We searched our mining books back to 1900 and found no record of this company's operations. It is our opinion that the company ceased to exist before 1900 and that the shares have no value.

Eureka Smelting Company. Incorporated in Nevada in July, 1922 as the Eureka Smelting & Mining Co. and changed its name to Eureka Smelting Co. on May 12, 1923. The property of the subject company was sold at foreclosure June 18, 1930 on account of the first mortgage bonds at 40 cents on the dollar, leaving a deficiency judgment against the company of approximately $600,000. There was a year to redeem the property which might stretch the loss to June, 1931. The only other asset not covered by the mortgage were two lots of land in the town of Eureka and a vague claim to certain unpatented mining claims which lapsed because of non-payment of assessment. The two lots of land were attached for bills and I believe were sold under sheriff's sale. Therefore it is our opinion that the shares became worthless in 1930 at the time the property was foreclosed. The other assets when sold would only pay a small amount of the deficiency judgment.

Farm Service Exchange. We have been advised by Mr. A. A. Quimby, Manager of this Exchange, that the book value of the common stock on May 6, 1930, was in the neighborhood of $15. per share. However, since there was no active market for the stock and since the company is not liquidating we do not believe that the stock could have been sold for more than its par value. We submit par or $10. as a fair value of the common stock as of May 6, 1930.

Farmers Loan & Trust Co. (Anthony, Kansas). Value of Guar. Real Estate Bond. In 1892 it was reported that the company was unable to pay interest or principal on the mortgage and failed. The total assets of the company were reported as amounting in all to only $16,000. and yet to care for these the assignees were drawing as annual salaries alone from the company of $6,000. As far as we have been able to ascertain prior liens wiped out these bonds and there remained no equity. It is our opinion that the real estate bonds have no value.

Farmers Standard Carbide Co. Inc. Incorporated in New York on Oct. 23, 1918 and was located at Plattsburgh, N. Y. The corporation was dissolved on Dec. 16, 1929 for failure to file reports for the five previous years. According to a report published in 1926 the company had its headquarters at Canastota, N. Y. and had a small plant at Plattsburgh, N. Y. Some carbide was produced by the company, but was unsuccessful in competing with other companies. Our correspondent at Canastota, N. Y. found no record of this company nor any value to the stock. Hundreds of shares of this stock were offered at the market in 1923 with no bids at any price. It is our opinion that the shares are absolutely worthless.

Fedco Number Plate Corp.	On July 13, 1937, Baldwin, Todd & Young of 120 Broadway, N. Y. C. informed us as follows: "In response to your inquiry regarding Fedco System Incorporated and International Safety Number Plate Corp., we became attorneys for the former corporation in 1929." "Early in the fall of 1930, it became necessary to effect a reorganization. A new corporation, International Safety Number Plate Corp. was organized to take over and continue the business. By agreement the creditors of Fedco System Incorporated accepted ten per cent in cash and ninety per cent in stock of the new corporation, in settlement of their claims." "The business, machinery, equipment, stock of number plates and the good will of the business of Fedco System, Inc. were transferred to the new corporation to pay the claims of creditors of Fedco System, Inc. as above noted. Fedco System, Inc. then went out of business." "The stockholders of Fedco System, Inc. were given the right to subscribe at $1.00 a share for stock of International Safety Number Plate Corp. at the rate of one share for each share owned in Fedco System, Inc. This right to subscribe was twice extended and finnally expired on Jan. 31, 1931. The transfer of the business, etc. from the old to the new corporation was approved at a duly held meeting of the stockholders of the old corporation by vote of the required number of shares." "Those not exercising the right to subscribe for stock in the new corporation, and, for that matter, those who did subscribe, were left with their stock in the old corporation, which, of course, was worthless. As a point of information, we might state that Fedco System, Inc. was originally incorporated under the name of Fedco Number Plate Corp. and later

changed its corporate name by appropriate legal procedure." "International Safety Number Plate Corp. went out of business, although it did not dissolve, in the early part of 1933."

Federal Adding Machine Corporation. The above company failed in September, 1922 and was sold out at a receiver's sale in January, 1923. While the new company, the Federal Adding Machines, Inc. disposed of their assets in January, 1929 and only realized sufficient therefrom to pay the creditors, 60 to 65 per cent of their claims. The stockholders realized nothing. The stock of both companies in our opinion is of no value.

Fields Reward Gold Mines Ltd. Field's Reward Gold Mines, Ltd. was registered on Oct. 17, 1904 as a reconstruction of the company of the same name. Shareholders in the old company were entitled to receive one share in the new company credited with 8s paid, for every share held. The property consisted of 3 leases in the Yalgoo Goldfield, Australia. The address of the company was 34 Gresham St., London, England. The company entered into liquidation on Oct. 20th, 1904 and was eventually dissolved on Oct. 19, 1907. The liquidator was Wm. H. Brown, 214 Mansion House, Chambers, London, England. This company was reconstructed as the Reward Gold Mines, Ltd. Shareholders were entitled to receive 1 new share credited with 8s paid for every 10s share held. Resolutions to wind-up new company were passed in Oct. 1908. Liquidator, A. H. Clark. We do not believe the shares of the old company have any value. When shares of reconstructed companies are part paid, the old stockholder has a certain amount of time to pay the difference and obtain his fully paid shares. If the new shares are not claimed within the specified time, the old shares become worthless.

Kershner; Asst. Treasurer, Edward M. Pattison, Jr.; Directors, D. W. Hollister and R. Thornton Eaton. In 1922 the corporation was reported out of business. Two parcels of real estate owned by the company were subject to prior mortgages. These properties were foreclosed in 1919. There was no equity left for the consolidated 6's. A third parcel was subject to a proportion of a prior mortgage and the fourth parcel which was free from prior mortgages but subject to several years of unpaid taxes. As far as we have been able to determine the bondholders did not realize anything on their bonds which we believe are without value.

Findlay, Fort Wayne & Western Railway Company. We received the following information from the United States District Court, Toledo, Ohio, dated Dec. 24th, 1936 regarding the 5% bonds due 1943. "In re: The Mercantile Trust Company, Allen Zollars as Trustee, Complainant vs. Findlay, Fort Wayne and Western Railway Co., In Equity No. 1731. Your letter addressed to the United States District Court, Cleveland, Ohio, has been referred to this office for answer. I find that in the above entitled cause the Findlay, Fort Wayne and Western Railway Company was sold on the sixth day of July, 1903. At the time of sale there was outstanding 1198 bonds of an issue of 1200 with a total value of $1,200,000. and that the bonds had been in default since 1895. The amount received from the sale of the railroad was distributed to the holders of the coupons of the bonds and nothing was paid on the bonds themselves. I am unable to find where any funds were deposited in the registry of the Court for the benefit of the bondholders. The bonds described in this action are the First Mortgage Bonds of the Findlay, Fort Wayne, and Western Railway Company." It would appear that your bonds are without value.

First American Bancorporation, Inc. Incorporated in Delaware on May 29, 1929 for the purpose of investing its funds in the securities of financial institutions engaged in the banking, insurance and other fiduciary capacities. George W. Steel, President; Wm. J. Lockhart, V. Pres. & Treas.; Edwin P. Wardle, Sec'y. Mr. Steele, who is an attorney located at 20 Exchange Place, New York City informed us that the company's principal holding was a block of stock of the Peoples National Bank of Winston-Salem, N. C. When the Peoples National Bank failed the stockholders were assessed 100% practically wiping out all equity for the stockholders in the First American Bancorporation. Mr. Steel further stated that the company is out of existence and has no assets. There are several judgments still outstanding against the company which are uncollectible. Therefore we submit the capital stock as worthless.

First National Bank & Trust Co., Yonkers, N. Y. According to the Report of the Comptroller of the Currency, a Receiver was appointed for this bank, on January 23, 1934. The Supervising Receiver, Division of Insolvent National Banks, Comptroller of the Currency, informed us on July 21, 1936 that a 100% assessment was levied against the stockholders of this bank on May 11, 1934, which assessment was due on June 18, 1934. Dividends of 40% have been paid by this receivership. Mr. Arthur E. Muth, Receiver of the First National Bank & Trust Co. of Yonkers, N. Y. informed us on July 18, 1936 that the present estimated values of the remaining assets, are sufficient to pay additional dividends of approximately 30%. This cannot be guaranteed however, as it may fluctuate due to business conditions. There is independent authority that where a bank fails and was taken over by the Superintendent of Banks who made a call in that year upon stockholders for payment of the additional liability, the call is a satisfactory showing of the determination of worthlessness of the bank's stock in 1936. Fischman, I., & Sons. Incorporated January 27, 1926 in Pennsylvania to manufacture and distribute soda fountains and carbonic acid gas. On April 1, 1932, William S. Maddox, was appointed temporary receiver in bankruptcy. Morgan, Lewis & Bockius, were attorneys for the receiver. Schedule filed in the United States District Court in Philadelphia on August 9, 1932 listed liabilities of $2,646,519. and assets of $1,537,483. Assets were made up of merchandise inventory $321,115.; machinery and equipment $326,213.; accounts receivable $551,774.; real estate $36,000.; cash $5,586.; notes receivable and securities $250,975.; others $3,183. and $42,637. Morgan, Lewis & Bockius, informed us on December 18, 1935 that this company was adjudicated a bankrupt on April 1, 1932. The first dividend to creditors, which included practically all the assets of the estate was at the rate of 1 3/4%. There are a few remaining assets to be liquidated but the dividend to creditors will be infinitesimal. Adjudication of bankruptcy and evidence that liabilities exceeded assets were held to indicate worthlessness.

Flint Mills Realty Corp.	Mass.	1937.

Flint Motor Company. Incorporated in Michigan in 1922 and had an office at 250 W. 57th St., N. Y. C. The inability of distributors to make money forced the company to establish branches throughout the United States. The operation entailed enormous losses, making it necessary to discontinue them and leaving the company no outlet for its product. The amount received from the sale of the company's assets was insufficient to pay creditors in full, leaving no equity for the stock, which is without value.

Flint & Pere Marquette R. R. Reorganized as Pere Marquette Ry. Co. Only the following outstanding coupons have value—May 1, 1914, detached from First Cons. 5% bonds; and April 1, 1914, to Oct. 1, 1916, detached from Port Huron Division 5% bonds due 1939. Send to present company for collection.

Florida, Atlantic & Gulf Central Railroad Company. The Trustees of The Internal Improvement Fund of Florida informed us that they assumed certain obligations of the above road that were prior to the Free Land Bonds. The fact that there were two issues of bonds of the above company, and that each issue contained a bond numbered 167, is probably the reason for the confusion. We found no value to the Free Land Bond and therefore believe it is worthless.

Florida Central Railroad Company. First Mortgage 7% Gold Bond due January 1, 1907, we write to advise that from information obtained from outside sources which we believe to be reliable, we learned that the road in question was sold under foreclosure on September 25, 1879. Certain other liens prior in lien to the issue referred to above, amounting to $197,000. with nine years interest in arrears, account for the distribution of almost the entire amount that the road brought under the sale, to wit: $305,000. We are advised by the Clerk of the United States District Court for the Southern District of Florida, that all of the property of the railroad was disposed of by a Trustee appointed by that Court, and the Trusteeship closed. In view of the above, we believe it reasonable to assume that the bond about which you inquire is without value.
Florida Central R. R. Property foreclosed. Preceeds received from sale of road were not sufficient to take up prior lien bonds, leaving no equity for 3rd mortgage 6% bonds.

Florida & Gulf Central Railroad Co. Value of $500. Free Land 8% Bond No. 167. The following is a report we received from the Trustees of The Internal Improvement Fund of the State of Florida, Tallahassee, Fla. regarding the above bond. "We have examined the records of the Trustees of the Internal Improvement Fund with reference to above bond and find no mention of this company having issued bonds. However, we do find in the minutes of July 19, 1877 where the Trustees listed certain bonds of the Florida, Atlantic and Gulf Railroad Co. previously purchased and cancelled in which list is First Mortgage Bond No. 167. Since the Trustees of the Internal Improvement Fund have no record of the issuance of any such bond, it would be necessary to establish its authenticity; furthermore, since the time permitted under Florida Law, which is 20 years, has expired for the collection of past due paper it would seem that the time under the statute of limitations has run out as to its collectibility.

Florida Palm Realty Corp. Incorporated in Delaware on July 1, 1925 and filed dissolution proceedings on June 28, 1929. The last annual report filed in 1928 showed that Mr. Charles Belsky of 306 E. 72nd St., N. Y. C. was Vice President of the company. Mr. Belsky informed us on June 24th, 1937 as follows: "The company has dissolved and the stock is valueless. I lost $1000. in the company and feel that it was better to drop it then to continue paying assessments. The shares are worthless.

Florida-Schub Concrete Construction Company. Incorporated in Florida on December 26, 1913 with its principal office at Jacksonville, Fla. The corporation has never filed any reports since incorporation. President, Okle C. Painter, Jacksonville, Fla.; Treasurer, W. I. Lyman, Jacksonville, Fla.; Secretary, W. A. Wilkerson, Jacksonville, Fla. Apparently the corporation is out of existence. We found no value to the stock and therefore believe the shares are without value.

Foreman-State National Bank of Chicago. On June 8, 1931, it was announced that the First National Bank of Chicago and the First Union Trust & Savings Bank of Chicago had become the sole owners of the banks, buildings and other properties of the Foreman-State National Bank of Chicago. It was also stated that the First National Group had guaranteed all deposits of the bank. The First National Bank acquired the assets by the assumption of its liabilities. To indemnify it against loss in the liquidation of assets, a fund of $12,500,000. in cash was put on deposit on June 9, 1931 this fund being contributed in the amount of $10,000,000. by the Chicago Clearing House banks and $2,500,000. by leading individuals in the Foreman bank group. There also remained the privilege of invoking the double liability provision against Foreman stockholders in the event the assets, when liquidated, should prove insufficient to pay depositors. The capital of the Foreman bank was $11,000,000. The liquidation of the assets of the Foreman-State National Bank which were turned over to The First National Bank on June 8, 1931 has not yet been completed. A plan for the settlement and adjustment of the stockholders' double indemnity which was developed by a Committee representing the stockholders of the Foreman Banks, is about ready for consummation. Under this plan stockholders are given the opportunity of paying $50. per share in settlement of their liabilities and receiving in return a certain interest in the equities in the two Foreman Bank buildings which, under the plan, are being acquired by a corporation; or, by paying $49. per share, without receiving any such participation in the Bank building equities. Mr. E. C. Kohlsaat, attorney, 33 North La Salle St., Chicago, Illinois, is the Secretary of the Foreman Stockholders' Committee and is thoroughly familiar with all matters pertaining to the liquidation of the Foreman Banks and the liability of the stockholders, and will be glad to furnish you any information you desire. It is our understanding that the Internal Revenue Department has ruled that the stock of the Foreman-State National Bank became worthless in 1935 and may be fully charged off as a deductible loss in income tax returns for that year. Mr. Kohlsaat, can also advise you definitely relative to that matter. (1936.)

Foreman Trust & Savings Bank of Chicago, Trust No. 3297—Certificate No. 44. The Bills Corporation, located at 134 South La Salle Street, Chicago, Illinois, informed me on June 18, 1937 as follows: "As you note by the certificate, this comprised an interest in equity in a number of different properties on North La Salle Street in Chicago." During the past several years of depression, the income on these properties was drastically reduced and it was impossible to meet the taxes and interest that accrued on the properties with a result that some of these properties have been lost by foreclosure and others of them are in the process of being foreclosed, and the equity remaining in others that have not been placed under foreclosure is doubtful." There is no market that we know of on these certificates at this time." In view of the above, I do not believe the above certificates had any value as of 4/17/37.

Fort Myers Building & Loan Assn. "There is no value to the certificates you mention but Mrs. Mary E. Lozier did have on deposit by virtue of her membership a certain amount of money which at the present time there is a balance of $178.17; $23.69 of which is due and payable according to resolution of stockholders, and we are ready to send that by return mail upon your returning the two receipts signed by Mrs. Lozier, and witnessed and returned to us for credit of her pass book. The association is in slow liquidation and distributions will be made from time to time as property taken over can be sold. There would be a market for the other $144.48 at 50c on the dollar or $72.24 if she should care to close out the entire account. Mighty glad we have had this information from her, because we have been holding $7.64 since January, 1933 and $16.05 since July, 1934, these representing the 3% and 10% distribution respectively." (5/9/1935.)
Fort Myers Building & Loan Assn. This association has written down the value of its stock by the amount of 34% and has made several cash distributions since that time. The association is in process of voluntary liquidation. (4/29/1935.)

Fort Myers Securities Corp. Incorporated in Florida and is located at Fort Myers, Fla. President, G. M. Heitman; V. Pres., A. L. Kinzie; Treasurer, J. F. Gardner; Secretary, D. B. Renfro. Mr. Heitman informed us on May 15th, as follows: "Referring to yours of the 9th, wish to say there has been no sale in recent months of any of the preferred stock of the Fort Myers Securities Corporation. I am, therefore, unable to quote a price on it at the present. The Fort Myers Securities Corporation, as you know, is a mortgage company which was organized during the Florida boom days. While they hold mortgages and own outright considerable real estate, there has been very little income from or sale of same during the past several years. The company has managed to keep its head above water and we hope that with the improvement of general conditions the company will be able to operate profitably." (5/21/1935.)

Fort Wayne & Northern Indiana Traction Company. Value of Common Stock. Incorporated February 25, 1911 in Indiana, and went into receivers' hands on February 8, 1919. On December 5, 1917 the Central Trust Company of New York brought suit to foreclose on the property. On December 29, 1919 the property was sold for $1,301,000. and the purchasers reorganized under the name of Indiana Service Corporation. The voluntary offering on the part of the purchasers made to the holders of the old Common Stock was 10% of new Common Stock. This offering was forwarded in the form of a notice to all of the stockholders of record. This notice was forwarded several times and the voluntary offering finally closed two years later. At foreclosure there was no equity at all left for the stockholders, and this voluntary offer having been withdrawn for nine years, the Fort Wayne & Northern Indiana Traction Company stock is of no value whatever.

Forty Nine Mining Company, Ltd. Incorporated in British Columbia and is located at 408 Rogers Bldg., Vancouver, B. C., in care of A. M. Whiteside, barrister. Mr. Emanuel A. Stern, an attorney, and director of the company, located at 120 Wall St., New York City, informed us that the company has paid their taxes up to January 1938, and still owns their property. However, their mines are idle and will not be operated until such a time as the market will stand additional financing to start operations. Mr. Stern also stated that shares sold during the year 1937 at ½¢ per share. Therefore, I believe ½¢ is a fair value for the stock as of the present time.

Foster Cobalt Mining Co., Ltd. Incorporated in Ontario and is located at Canada Permanent Bldg., Toronto, Canada in care of Gideon Grant. Mr. Grant informed us on January 18, 1937 as follows: "The company still owns the property known as the Foster Cobalt Mining Company. The property appears to be pretty well worked out, but they make their Leases one about every three months to a man who has been taking out what little bit of ore he can find for some years. The company has in the Bank about $9,000. We have been trying to dispose of the property, but it is difficult to find a purchaser, and at best the price will be merely nominal. There is over $900,000. in stock outstanding and the Company gets in a very few hundred dollars in each year." "From the above you will see that the stock is worth practically nothing. None of it has been sold or traded in that I have heard anything about for some years. The Company will have to be wound up some day soon and we are keeping the money which we have on hand against the expense to be incurred."

Franklin, H. H., Mfg. Company. This company was bankrupt in 1934 and its assets were sold during the same year to Franklin Motors, Inc., of Syracuse, N. Y. The assets of Franklin Motors, Inc., were transferred to the Olympic Motor Car Co. The bank loans of H. H. Franklin Mfg. Co.—Totalling $2,000,000 were acquired by Olympic Motor Car Co. It would appear that no equity remained for the stockholder. We received the following letter from Mr. H. S. Liddell, of the Franklin Automobile Service Co, located at Frankfort, N. Y. and dated Feb. 28, 1938. "In reply to your letter of February 24th we quote from a statement issued from the Law Offices of Mackenzie, Smith & Michell, located in the Onondaga County Savings Bank Bldg., Syarcuse, N. Y." "To the holders of preferred and common stock of H. H. Franklin Manufacturing Company we can advise that the company became bankrupt in April 1934. All of the assets of the bankrupt company were sold by Court Order at a Judicial Sale on Dec. 8, 1934, at which time sufficient funds were realized to pay ordinary creditors in full. Accordingly, the preferred and common stock of the bankrupt company has no value. The Trustees in Bankruptcy were discharged by Court Order dated May-3, 1935." "If there is additional information you desire to learn in this regard, will you please address your inquiries direct to the Law Offices above named.

French Window Shade Cleaning Co. N. J. 1935.
Frenchboys Silver Mining Co. Value of 1st Mtge. Bonds due 1889 and capital stock. Incorporated in New York on April 29, 1882 and had an office in New York City. In 1911 no value was found for the stock. We searched our mining records from 1883 to 1893 and found no record of the company's operations. It is our opinion that the company failed and its bonds and stock are worthless.

Frigidine, Inc. Incorporated under the laws of the State of New York and was engaged in the manufacture of hair waving machines, with its principal place of business located at 305 E. 46th Street, New York City. In March, 1933 the corporation went through bankruptcy and its assets were sold at public auction. I was informed that the amount received from the sale of the company's assets was insufficient to pay the creditors in full, leaving no equity for the capital stock, which is without value. Therefore, I submit the shares as worthless. (1935). Charter forfeited 1933.

Fuel Oil Motors Corporation. Incorporated in New York in 1921 and owned 150,000 shares of stock of the Fuel Oil Motors Corp. (Delaware), which stock was acquired for patents. In 1932 the New York company was wound up and the Delaware stock was distributed to the stockholders of the New York Company on a share for share basis. Mr. J. J. Dobson, an officer of the company, located at 42 Broadway, New York City, informed us on January 22, 1938, that the company still holds its patents and expects to effect a reorganization in about sixty days. The stockholders of the Fuel Oil Motors Corporation of New York or the Fuel Oil Motors Corporation of Delaware, we understand, will receive one share of new stock for each eight shares of old stock. In view of the above, a loss should have been taken on the stock back in 1932. However, in view of the above proposed reorganization a loss may be taken when the new stock is sold.

Fuller, H. H., Realty Company. Incorporated in New York in 1906 and was located at 949 Broadway, N. Y. C. in 1910 and 501 Fifth Ave. in 1913 and 1133 Broadway, N. Y. C. in 1914. Directors: Henry H. Fuller, President; Archibald E. MacBride, Sec'y. The company was reported inoperative in 1915. As far as we have been able to ascertain, the company was engaged in the real estate business and did not build anything to our knowledge. The company kept wandering about the city and in 1915 went out of business when it was found unprofitable. We do not attach any value to the stock.

Fulton Motor Truck Company. This company was reorganized as the Fulton Motors Corporation, at which time we understand the common stock was exchanged for stock of the new company upon the payment of an assessment. It was further reported that the Fulton Motor Truck Company liquidated its assets and that the bondholders received an amount for their holdings, but that there was nothing left for the common and pfd. stockholders.
Fulton Motors Corporation. Incorporated in Delaware as Successor to the Fulton Motor Truck Company, and lost its charter on January 24, 1927, at which time the Class "A" Preferred stock was appraised at no value. Therefore, it is my opinion that the Class "A" Preferred Shares are worthless (1936).

Galena Oil Corporation. The Valvoline Oil Company, located at Chrysler Building, New York City, informed us on September 30, 1937, as follows: "In reference to 55 shares of stock of the Galena Oil Corporation of Delaware, and in reply thereto would say that this stock has no value." "In 1931 the Galena Oil Corporation of Delaware sold all of their assets for 8,000 shares of the common stock of the Valvoline Oil Company which was distributed on January 2, 1932 to all Galena stockholders of record December 12, 1931 on the basis of one share of Valvoline for 34.69 shares of Galena." "The Galena Oil Corporation of Delaware having sold all of their assets and distributed the stock they received therefor to their stockholders, was dissolved in March 1932.
Galena-Signal Oil Company (Pa.) On March 31, 1931, $4,141.38, representing unclaimed dividends due stockholders, was paid into the Court of Common Pleas of Venango County, Franklin, Pennsylvania. On March 31, 1931, $1,656.83, representing unclaimed dividends due stockholders, was paid into the Bureau of Escheats, Department of Revenue, Harrisburg, Pa. Acquired by Imperial Oil, Ltd. The preferred stockholders received $75. per share in cash and 2 shares of common stock of the new company for each share held. The common stock was exchanged share for share. Any unclaimed funds are probably held by the Prothonotary of the Court of Common Pleas of Venango County, Franklin, Pa. We believe that C/D for stock should be sent to the Chase National Bank of New York City, for collection.

Galland-Henning Pneumatic Mining Co. of Buffalo. The records of New York State do not list this corporation as having been incorporated in that state. We searched our mining and corporation records back to 1891 and found no record of the company's operations. We found no value to the stock and therefore believe the shares are without value.

Galveston, Laporte & Houston Railway. Value of 1st Mtge. 5% bonds dated 1895. The mortgage securing the above issue was foreclosed in 1899. The amount realized at the foreclosure sale was not sufficient to pay receivers' certificates and expenses, leaving nothing for the bonds issued under the mortgage. Therefore we submit the bonds as worthless.
Galveston National Bank. Mr. A. A. Horne, Vice-President of the City National Bank, Galveston, Texas, informed us that the Galveston National Bank closed in 1911, after the suicide of the president and one of the vice-presidents. The City National Bank later took over all the assets and paid the depositors. Mr. Horne also stated that the only thing which a stockholder holding stock in the Galveston National Bank is entitled to, is an assessment. The shares are without value.

Garden City Company. The County Treasurer of Finney County, Garden City, Kansas informed us as follows on March 8th, 1937: "The Garden City Company owns a power plant and sugar factory in this county. They also own several thousand acres of irrigated farm land here. Their taxes are paid to date." The following are reports received from other sources. Business was established a number of years ago by the United Sugar & Land Co. which concern continued until 1908 when it was succeeded by the Garden City Sugar & Land Co a Colorado Corporation with a capital of $3,000,000. That concern continued until January 18, 1920 when the Garden City Co. a Delaware corporation took over the business. On November 15th, 1930 when an issue of bonds on which it was unable to pay interest was foreclosed, the company reorganized under the Colorado laws with authorized capital of 40,000 shares common stock no par value. This concern is closely affiliated with the Garden City Western R. R. Co., the Garden City Irrigation Power Co. and the U. S. Irrigation Co. The company is engaged in the manufacture and wholesale of sugar that is refined from sugar beets, raised on some 30,000 acres of land in Finney and Kearney Counties, Kansas. This land is owned by the company but is farmed by tenants on a percentage basis. Sales are made largely to wholesalers and jobbers, on 2% 7 day basis. The building occupied is of brick fireproof construction, the plant is well equipped. This one story building is in good repair, the premises are orderly and well kept, no fires reported. A good cash balance is carried in the bank at all times and is not known here as a borrower, accounts receivable are carefully extended and collections reported to be good. This business is being closely managed and those associated with this enterprise are looked upon as capable business men. This concern has adequate capital and payments are prompt. President, Spencer Penrose; Vice Pres., J. Stewart; Vice Pres., Chas. L. Tutt; Treasurer, W. E. Leavitt; Secretary, M. W. Bogart.

Garnett Gold Mining Company. Value of $10. par value stock. Incorporated in Illinois in 1891. Mining property located in Montana. We have been informed that the company is out of existence and the stock is worthless.
Garnett Gold Mining Company. Incorporated in West Virginia and was located at 409 Granite Bldg., St. Louis, Mo. and mines at Pony, Madison County, Montana. The holdings comprised 170 acres of patented land. Shipments in 1906 to the American Smelting Co's. plant at East Helena, Montana yielded $53,496. The following letter was received from the American Smelting & Refining Co. on July 2, 1935. "We have on file copy of an old ore purchase contract dated July 24, 1907 with the Garnet Gold Mining Co. a corporation of St. Louis, Mo. covering the output of their Garnet mine near Pony, Montana. We have also looked up our settlement records and find that this company shipped us between May 31, 1899 and September 5, 1911 some 86 lots of ore, the total net proceeds amounting to $81,425.30. The last shipments of ore were made in 1911 and at that time the company was in the hands of a receiver and settlement was made to the receiver of the company who in turn made settlement with the leasers who mined the ore. As there is nothing further in our files subsequent to that time we can probably assume the company's corporate existence terminated in 1911 or shortly thereafter." In view of the above and for the fact that no value was found for the securities of this company we believe the bonds and stock are worthless.
Garnett Hat Frame Co., Inc. N. Y. 1935.
Garod Corporation. Incorporated under New Jersey laws, in February, 1923. Company manufactured radio sets and parts. The plant was located at Newark, New Jersey, and their main office at 124 Adams Street, Newark, New Jersey. Issac P. Rodman was appointed equity receiver on February 1, 1927. The net loss for operations in 1926 amounted to $240,275. The company's balance sheet as of January 31, 1926 showed:

Notes payable	$ 96,460.00
Accounts payable	115,336.00
Liabilities	$211,796.00
Investments	$ 1,002.00
Cash	15,606.00
Other assets	9,826.00
Accounts receivable	88,363.00
Assets	$114,797.00

We have not considered the machinery, merchandise or patent rights, for if they were sold at auction, we believe, they would bring only a nominal figure. According to the above figures, the liabilities exceeded the assets by a wide margin. We have found no evidence that the stock had any value since receivership. Therefore it is our opinion that the shares had no value as of April 2nd, 1929, and submit them as such as of that date.

Gas Turbine Corporation. Incorporated in Delaware in 1922.Mr. Havens Grant, Secretary of American Gas Turbine Corp. located at 15 Broad St., N. Y. C. informed us on January 25, 1937 as follows; "... making inquiry as to the present value of the shares of Gas Turbine Corp., the name of which has been changed to American Gas Turbine Corp. This company has been entirely inactive since the year 1932 and at present its sole assets consist of a small amount of machinery and certain inactive patents, together with a cash balance of less than $100. which is being expended to maintain its corporate existence. Practically the only hope of realizing anything on their assets lies in the possibility of disposing of the patents, of which there is no present prospect."

General Leather Co. Plant sold at foreclosure on August 4, 1936.

General Leather Company. Incorporated in 1916 in New Jersey and had its principal office at Newark, New Jersey. On May 17, 1932, James T. Smith and Toby Furst were appointed receivers; Root, Clark & Buckner, were appointed for the bondholders protective committee. On December 19, 1933, the company's receivership was ordered terminted by Vice-Chancellor Berry at Newark, N. J. who directed the receivers to abandon the plant at Newark. The Manhattan Trust Company, trustee for the First Mortgage bondholders obtained a $777,156. decree in June 1933, but withheld a sale of the premises pending efforts of the equity receivers to dispose of it more advantageously. There were $1,200,000. of First Mortgage bonds outstanding, and in view of the above decree in June, 1933, in favor of the First Mortgage bondholders, it is our opinion that the common stock first became worthless in 1933, and the investment should be allowed as a loss for the year 1933.

Georgia Coast & Piedmont Railroad. First Mortgage 5% S. F. Bonds due 1962 have a decree value of $30.35 per $1000. deposited bond, and $83.07 per $1000 undeposited bond, payable at the Irving Trust Co., New York City. The mortgage securing the First Mortgage 5% bonds due 1946 was foreclosed about 1919 and all but $32,000 principal amount of these bonds were located and decretal payments made thereon. The Guaranty Trust Co. of New York City, informed us in 1935, that the Judge of the U. S. District Court for the Southern District of Georgia, Eastern Division, before whom the foreclosure proceedings were held, ordered the publication of the notice requiring bondholders to file their claims before a specified date or be forever barred. This notice ran for a considerable time and at the expiration of the time given, the Court ordered the funds distributed. There are now no funds available for any unstamped bonds, which are without value.

Georgia Coast & Piedmont Railroad Company. Value of 5% Income Debenture due 1932. Incorporated Georgia July 1, 1906. On July 17, 1916 receivers were appointed for the company. On October 7, 1919, the road was sold for $426,000. This sale was confirmed on October 18, 1919, by United States District Court at Savannah, Georgia. Funded Debts: $32,000 First Gold 5's due 1946; $1,655,000. First S. F. 5's due 1962; $106,780 Receivers Certificates. According to the above the First S. F. 5's of 1962, that were subject to the 5's of 1946, received about $170. on each $1000. bond; leaving no equity for the 5% Income Debentures due 1935 which are now without value.

Georgia & Florida Railroad. Incorporated in Georgia 1925 to acquire all the property of the Georgia and Florida Railway Company. The first mortgage bondholders of the railway company that paid no cash received $1000 par value of new preferred stock. On October 19, 1929, William V. Griffin and H. W. Purvis were appointed receivers for the road. The counsel for the company announced that the road had been forced into an operating receivership as a result of loss in revenues and damage to property through the flood. The company owns and operates 464 miles of main and branch lines in Georgia, South Carolina and Florida, line extending from Greenwood, South Carolina through Augusta, Georgia to Madison, Florida, with branches to Graymont, Statesboro, Sparks and Tennille, Georgia. A seventy-five mile line from Augusta, Georgia to Greenwood, South Carolina was placed in operation in June 1929. There were outstanding as of December 31, 1933 $5,154,000 of first mortgage 6% bonds due 1946. $954,721 of first lien 7% receiver's certificates; $792,000 of U. S. Government Loans (first 6% series A given as collateral); $447,000 5% equipment trust certificates; $354,721 R. F. C. Loan (receiver's certificates given as collateral); $1,500,000 income debenture 6% bonds. Interest was defaulted on the first mortgage 6% bonds on November 1, 1929, and on the Equipment Trust bonds on March 15, 1933.

The relative high level of traffic attained for 1926 and 1927 was attributed to the Florida real estate boom and the abnormally large amount of freight and passenger business to and from Florida points in that period, which resulted in an overflow of traffic from other roads to the Georgia & Florida Railroad; traffic in years subsequent to 1927 again became more normal and in the past several years was what may be termed subnormal due to the severe depression. When one considers that traffic density for the company in recent years averaged only about 156,000 ton miles per mile of road and that railway operating revenues were only slightly in excess of $2,000 per mile, it seems doubtful that the road will ever be operated on a very highly profitable basis. Operating results for all years since the peak years of the Florida boom period were highly discouraging. Even in 1929 the operating ratio was almost 88% with only 41% of fixed charges earned in that year. For the years 1930 through 1933, the operating ratio was 98.2%. In each of the years 1931, and 1933 operating deficits were reported and also deficits before payment of any fixed charges. The aforementioned evidence justifies doubt as to whether the road can survive unless conditions speedily improve. As of December 31, 1933 the company had only $22,900 in cash. For each of the years 1931, 1932 and 1933 net current liabilities exceeded current assets by at least $140,000. The Government has an investment of over $900,000 in this road and there are receivers certificates of $600,000. The evidence before us justifies doubt whether any new capital should be put into the road or discontinue operations. In order that the company may operate as a No. 1 road, it must reduce its maintenance expenses to 25% of the gross operating revenues; traffic, transportation and miscellaneous and general expenses to 40% of the gross operating revenues and fixed charges to 20% of the gross operating revenues. This road, if reorganized on this basis, would depend entirely on gross earnings. In view of the severe decline in gross revenues since the boom period, the road must reduce its expenses as outlined above or discontinue operations, as it will be almost impossible for the road to duplicate its high level of traffic that was attained in 1926 and 1927. In view of the road's serious condition as of December 31, 1933, with its current and accrued liabilities increasing at the rate of about $600,000 a year, it is my opinion that a reorganization was inevitable. I am almost inclined to write off the first mortgage bonds as a total loss because the surroundings and attending circumstances indicate that a reorganization would be hopeless unless the expenses could be reduced as mentioned above. The quotation of 1½ flat or $15. for each $1000 first mortgage bond as of December 31, 1933 seems to bear out this fact. I am convinced that the first mortgage bonds, would be collectible only to the extent of a small part of their face value under very favorable conditions. The collectible part in my opinion would be stock of a reorganized company, which would have a problematical value, depending upon the future operations of the road. In view of the above analysis it is my opinion that the uncollectible part of the bonds will amount to at least 75%. I believe that I have demonstrated with a reasonable degree of certainty the least amount which is uncollectible as of December 31, 1933 and submit it as fair as of that date.

Gilliland Oil Company. This company reorganized in August 1928 when its name was changed to Reserve Petroleum Company. Under the provisions of the plan of reorganization each share of common stock of the Gilliland Oil Company was exchangeable for 1/18th of a share of Reserve Petroleum Company. The new company engaged in the crude oil business with its principal place of business located at Tulsa, Okla. The common shares of the Reserve Petroleum Company were offered about 10/3/34 at $1. per share with no bids.

Gilmont Products Corporation. Incorporated in Delaware in 1926 and filed its last report in 1930. The company's charter was forfeited in 1932. The corporation was fomerly located at 121 Varick St., N. Y. C. Mr. H. K. McCann, a former director of the company, located at 295 Madison Ave., N. Y. C. informed us that the company went into receiver's hands about 1930 and was liquidated. There were insufficient funds realized from the sale of the company's assets to pay the creditors in full leaving no equity for the capital stock which is without value.

Giroux Consolidated Mines Co. The Consolidated Coppermines Corp. located at 120 Broadway, New York City, informed us as follows on March 1, 1937. "Consolidated Coppermines Corporation is the owner of over 99% of the stock of Giroux Consolidated Mines Co. Under corporate action taken in April 1923, the par value of the Giroux shares was reduced from $5. per share to 10¢ per share. The Giroux Company has no property in the United States. It has an interest in the Sultana Mine in Mexico. Whether that property has any particular value or not we do not know at this time. It was originally a gold property with all the then known high grade gold ore removed more than thirty years ago. We are making an effort to ascertain whether the property has any value or not. It has been under an option for sale for years and the optionee has paid the taxes under the option. Our present impression is that the stock is of little or no value and there is no market for it. It is not listed upon any exchange and we do not know of any broker who handles the outstanding shares.

Gladstone Oil & Refining Company. In November, 1924 all of the assets of Gladstone Oil & Refining Company were sold to Invincible Oil Corporation and the money received in payment thereof was applied on the debts of the company. Sale of the assets however left the company owing more than $500,000. and it never transacted any business from that date. Its charter in the State of Oklahoma has long since been forfeited. We believe the shares are worthless.

Godfrey Investment Company. Incorporated in Oklahoma on July 31, 1922 and was cancelled on April 17, 1934. Mr. R. C. Miller receiver of the company, located at Cotton Exchange Bldg., Oklahoma City, Okla. informed us on Feb. 11, 1936 that a distribution of assets amounting to 3 cents on the dollar was made in January, 1932 to all parties filing claims as per publication notice. Those that failed to file their claims were forever barred from receiving any distribution as the total assets of the company were distributed equally to those that filed claims. The shares are therefore without value.

Godward Gas Generator, Inc. The Godward Gas Generator, Inc., was incorporated under the laws of the State of Delaware and is located at 280 Broadway, New York City. We were informed by the company that they are in voluntary liquidation, and that the prospects of any future value for the Preferred and Common stock is problematical; depending entirely upon the marketability of the patents owned by the company. The last sale reported of these shares was on February 9, 1931, when some Preferred and Common shares were sold at auction for a nominal sum. There has been absolutely no market nor sales of the capital stock since then. (1931).
Godwin Court Apartments. 1st Mtge. 7% G/B. due March 1, 1932. These bonds have been in default for sometime. Mr. Colgan of Southworth & Dierdoss, 111 Broadway has charge of the reorganization of the company. The Columbia Mortgage Company has a claim against the property amounting to $193,000. which ranks ahead of the bonds under certain provisions of the Trust Indenture covering advances such as this total represents. Mr. Colgan negotiated an agreement with the Columbia Mortgage Company whereby this claim can be settled for about ten cents on the dollar. Mr. Colgan believes that the reorganization plan which he has developed will result in returning to the bondholders one hundred cents on the dollar of their investment. Mr. Colgan states that intrinsically the bonds are worth at least fifty cents on the dollar, although discounting the speculative element it would be very difficult to persuade a purchaser to pay anything like that amount for them. The last recorded sale on these bonds was at 30% of par flat. This was about a year ago but since then Mr. Colgan had bonds offered to him at that price by holders who felt they would like to dispose of their holdings. In all cases he advised those people to hold on inasmuch as the solution of their troubles would not appear to be far distant. Therefore, while they now have about 85% of the bonds deposited in favor of the plan, it will probably be necessary to postpone making any cash payment to the bondholders at this time until after certain improvements and repairs which are badly needed have been put into effect. A letter modifying the plan in this regard will probably go forward to the bondholders next week. (Jan. 21, 1929).

We searched our mining records back to 1911 listing all patented claims, and found no record of this company's operations. For the reason that the company did not file any reports since its inception we believe that when the company failed to strike paying ore, it ceased to exist. The shares in our opinion are without value.

Gold Explorers, Limited. This company entered into liquidation on June 3, 1898 and was eventually dissolved on April 2, 1901. The liquidator was F. W. Sellick, 13 Walbrook, London, Eng. In 1898 this company was acquired by Emperor Gold Mines, Ltd. Five new shares of 10S credited with 8S paid were exchanged for four old shares of the same nominal amount. In 1904 the new company was in voluntary liquidation. Liquidator, W. H. Brown. Any outstanding shares of the old company are now worthless.
Gold Fields of French Guayana, Ltd. (Champs d'or de la Gyane Francais, Ltd.). We searched the Stock Exchange Official Intelligence and found that the company went into liquidation in 1891 by order of court. The board of Trade, 4 Central Bldgs., Mathew Parker Street, London, England, informed us on November 22, 1937, that the Comptroller of the Companies Dept. have no funds standing to the credit of this company for distribution to shareholders. Therefore, as all unclaimed dividends are paid to the Comptroller in England, and there are no funds available on the stock of the above company, it is opinion that shares received nothing in liquidation and that the shares have no value.

Goldenville Consolidated Mining Company, Ltd. Incorporated in Nova Scotia on June 13, 1916 and was located at 70 Bedford Row, Halifax, N. S. The charter was revoked on April 14, 1921. President, David S. Makepeace, Attleboro, Mass.; Vice Pres., Daniel S. Howard, Rockland, Mass.; Treasurer, James A. Floyd, Boston, Mass. The company was succeeded in 1919 by the Sherbrooke Mines & Power Co., Ltd. Mr. Makepeace informed us on April 7, 1936 that the shares of the Goldenville Consolidated Mining Co., Ltd., and all securities of the Sherbrooke Mines & Power Co. are worthless.

Goldfield Belmont Mining Co. Incorporated in Delaware. This company expended a considerable amount of money in development, in part borrowed upon mortgage notes. Subsequent to 1913 these notes aggregating with interest $130,000. were foreclosed and noteholders later organized the Belmont-Goldfield Mining Co. which was last located at Philadelphia, Penna., in care of John W. Brock, Jr. The shares of the first company received no equity after the foreclosure and are therefore worthless.
Goldfield Berkeley Mining Co. Incorporated in South Dakota and its term of existence expired by limitation in 1925. As the company failed to file any reports since incorporation, it is our opinion that the company did not get beyond the development stage and the shares are without value.
Goldfield Bulldog Mines Corporation. (Wyo.) No value found.
Goldfield Bulldog Mining Co. Inc. in Arizona. M. Leon J. Abermayer, an attorney located at Packard Bldg., Phila., Pa. informed us on April 28, 1937, that so far as he knows the stock of this company is absolutely worthless.
Goldfield Combination Fraction Mining Company. So. Dakota 1925. We received the following letter from the company located at P. O. Box 2520, Reno, Nevada, dated May 5, 1938 and signed by J. J. McConnack. "We are in receipt of your letter of April 29th, addressed to Mr. Geo. Wingfield regarding the present value of the stock of this company. The Goldfield Combination Fraction Mining Co. was incorporated in State of South Dakota and its charter expired several years ago. The company's only asset is its mining claim in the Goldfield Mining District, Esmeralda County, Nev. and being without funds no efforts have been made to reorganize the company. Some of the larger stockholders have advanced money to pay the taxes on this mining claim in order to retain title to same. The mining claim mentioned has been leased a great many times and considerable work has been done on same, however, no ore of a commercial value has been found. In view of the above the stock has no value at this time, however, should a valuable discovery be found on the property or on adjoining property, efforts would be made to reorganize the company and the stock would then have some value."
Goldfield Consolidated Mines Co. (Wyo.) Listed in Volume III. Report incorrect, company's stock quoted at 13 cents per share in August 1936.
Goldfield Consolidated Mining & Milling Co. Ariz. 1925.
Goldfield Daisy Mining Syndicate. Incorporated in Arizona and went out of existence about 1910. The property of the company was sold at a sheriff's sale in August, 1919. A new company was reorganized and old shareholders were asssessed one cent per share in order to get new stock. The stockholders were then asked to pay one cent per share to get the property back. Those who did not pay the assessments were left out of the reorganization. A Mr. A. J. Seligman and a Mr. William M. Hoagland of New York were reported as directors. The shares are without value.

Name State Date Charter Forfeited

Goldfield Deep Mines Company of Nevada. Incorporated May 26, 1920 in Nevada and is located at Goldfield, Nevada in care of A. I. D'Arcy, President. The company has made a long and admirable attempt to prove its ground, but so far has disclosed practically nothing of commercial importance. Assessment No. 18, of 1 cent per share, was deliquent Aug. 23, 1930 and No. 19 of one cent, Feb. 28, 1931. If the assessments have not been paid to date the shares were sold for the amount of the assessments. There was absolutely no market for the stock at any time near Feb. 25, 1932.
Goldfield Kawanas Mining Co. Ariz. 1930.
Goldfield River Bend Mining & Milling Company. The Financial World stated some years ago that they found no record of this company's operations, and furthermore it was a stock selling scheme. Our mining books show no record of this company and therefore believe the shares are worthless.
Goldfield Ruby Hill Mining Co. Incorporated in Arizona in 1904 and failed to file reports since incorporation. The charter expired by 25 year statutory limitation on Oct. 17, 1929. We found no record of the company's operations nor any value to the stock.
Goldfield Sovereign Mining Company. Incorporated under the laws of the State of Wyoming. The corporate franchise was revoked July 19, 1927 on account of its failure to file annual reports and pay the license tax. The above company is, therefore, a defunct corporation and its shares had no value on January 27, 1931.
Goldfields Consolidated Mines, Inc. Letters addressed to R. H. Sawyer, S. E. Crocker and R. D. Mast, all of Butte, Montana, were not answered nor returned. There is absolutely no market for the stock at any price, and therefore, believe the shares have very little if any value.

Gordon Creek Coal Company. Value of 7% bonds due 1943. Mr. Frank B. Cook, of 223 Terminal Bldg., Salt Lake City, Utah, informed us as follows as of Oct. 23, 1936: "Replying to your letter of the 13th Inst. in which you enquire as to the value of Gordon Creek Coal Company bonds. I have been receiver for the property for more than six years during which time I have made every effort to sell the property. The Court has authorized a sale at $45,000. and I have a deal on at the present time at that price. However should it be made there could not be any equity for the bonds. Taxes and preferred claims together with the expenses would amount to more than the sale price. During the time I have been in charge neither the trustees, the attorneys or the receiver have received any compensation." According to the above, the property is about to be sold. Until the property is sold we do not believe a loss may be taken on the bonds. A partial loss may be allowed for 1935 or 1936.

Gouldsboro Silver Mining Company. Incorporated in Maine on July 29, 1879 and has failed to file any reports since its inception. We searched our mining record dated 1898 listing all patented claims and found no record of the company. President, Andrew P. Wiswell, Ellsworth, Me.; Treasurer, Charles C. Burrill. It is our opinion that the company failed soon after incorporation and that the shares have no value.

Grabfedder, S., & Co. Louisville, Ky. Value of Warehouse Receipt No. 6089. The State records of Kentucky do not disclose a company of this name. It is probable that this company was chartered by an act of the Kentucky Legislature prior to adoption of the present constitution. Many of these corporations ceased to exist before the State of Kentucky created a Corporation Department. Such companies never were on record in the corporation department. In view of the above it is our opinion that the above receipt is without value.

Grand Pacific Copper Company. Incorporated in Arizona and received the following communication from Mr. W. E. Barrow, formerly President of the company, now located at Franklin, Pa., in care of the Joy Manufacturing Co. "In answer to your letter of the 4th, please be advised that the stock of the Grand Pacific Copper Co. was exchanged in 1922 for stock of the United Magna Copper Co. Considerable work was done on the property after that time and about $200,000. cash was spent on development work. The money was exhausted in 1930 and it was necessary to sell all the assets of the company in May, 1931, at auction. The proceeds from the sale were not sufficient to pay the creditors so there was nothing left for the stockholders. The company has been dissolved and the stock is therefore worthless."

Grand Rapids, Grand Haven & Muskegon Ry. Holders of First Mortgage bonds due 1926 were notified to present same to Kirk E. Wicks, Master in Chancery, 633 Michigan Trust Bldg., Grand Rapids, Michigan, for a payment of 1%. The property was sold pursuant to the decree of the United States District Court, Western District of Michigan, Southern Division. The New England Trust Company of Boston, Mass., informed us in 1934, that if their suit is successful against the United Light & Power Co., the bonds would probably be paid at par.

Granite State Spring Water Co. The Granite State Products Co., located at Atkinson Depot, N. H. informed us as follows on Jan. 13 1937: "The best information I can give you in the matter of the Granite State Spring Water stock is that at the time of the organization of Granite State Products Co., Granite State Spring Water Co., stock was transfered into Granite State Products Co. stock. I am not able to tell you the basis of the transfer, as this was taken care of by the transfer agent. The First National Bank of Haverhill, which bank is now liquidated. I believe the transfer did not change the relative value of the stock at the time. It is my understanding that the Granite State Spring Water stock has the same value now as the Granite State Products Co., stock, if any." "It would not seem to me worth while to pay the transfer tax necessary to transfer this stock as the Granite Products Co., is in process of liquidation and has no market value that I know of. I understand there is still a considerable outstanding indebtedness of this company, and until this has been settled, there is nothing that can be done for the stock. What the ultimate status of the stock will be, I can in no way estimate.".

It is our opinion the shares are worthless.

Great Western Insurance Co. Organized in New York and ceased business in 1886, since which date it had been liquidating. Up to 1911 three payments had been made to stockholders; first $20. per share; second $10. per share; third $1.50 per share; fourth and final 19c per share paid June 26, 1923. A Mr. J. Raymond Smith made the first three payments. Recently were advised by Mr. Leo J. Ughetta, 132 Nassau Street, N. Y. C. who was the attorney for the receiver that a final dividend of 19 cents per share was paid to those stockholders who presented claims to share in an undistributed balance, pursuant to a notice authorized by an order of the court dated June 21, 1923. The entire estate was distributed and the receiver discharged. When the third payment was made in 1912, a certain amount of dividends remained unclaimed as the stockholders did not present their claims. These dividends were held in trust for a certain number of years required by law, and when they were not claimed by that time, said dividends were distributed to those who presented their claims thus the payment of 19 cents per share.

Greater Chicago Lake Water Company. The Greater Chicago Lake Water Company was incorporated under the laws of the State of Illinois and is located at Chicago, Illinois. Mr. Theodore S. Chapman, an attorney, and a member of the firm of Chapman & Cutler of Chicago, Ill., informed us that he has quite an extensive knowledge of the two companies and in his opinion the shares had no realizable value as of Dec. 31, 1932 for the following reasons: That each of these companies mentioned is indebted to a large extent for money advanced and had no tangible assets as of Dec. 31, 1932. It is Mr. Chapman's belief that the stock of the Municipal Water Company is held by the Greater Chicago Lake Water Company. Some years ago there was granted to the Greater Chicago Lake Water Company a certificate of Convenience and Necessity permitting it to construct a certain water system to serve the district surrounding Chicago. A great deal of borrowed or advanced money was spent in attempting to avail of this certificate. The position occupied by the company by reason of the granting of this certificate may possibly develop to be of some material value, but not of value equal to the indebtedness for money so borrowed or advanced. Therefore it is our opinion that the capital stock of either company had no value as of Dec. 31, 1932.

Green Island Water Company. We received the following letter from R. E. Morton, Trust Officer, of the City Bank Farmers Trust Company, 22 William Street, New York City dated November 17, 1937. "Replying to your letter of November 13, we write to advise that the property of the Green Island Water Company was sold under foreclosure in 1900, on account of default in interest on the Bonds. The net amount realized from the sale was sufficient to provide for a distribution of slightly more than $.07 on the dollar of defaulted interest, and was deposited with us for distribution." "The distribution is payable at the above rate on the following: March 1 and September 1, 1894 coupons or scrip therefor; March 1 and September 1 coupons for the years 1895 through 1899; March 1 coupon for the year 1900; Interest on the principal of the Bonds from March 1, 1900 to the date of judgment. If the coupons and the bond of which you refer have not been stamped to evidence payment of this distribution, we would suggest that they be forwarded to us for such payment."

Green-Meehan Mining Company, Ltd. Company was incorporated on October 24, 1906, under the laws of Ontario with an authorized capital stock of $2,500,000. par $1. Subsequently reduced to $1,500,000. In 1910 the stock was traded in Toronto at 2 or 3 cents a share and in about 1916 sold at 3/8 of a cent a share. On December 6, 1919, 200 shares of this stock sold at auction in New York City at $10 the lot and we believe the stock is now worthless.

Green Monster Mining Company. Incorporated in 1915 in Arizona with a capital stock of $750,000. par $50. The company is said to have property which is supposed to be valuable. In 1919 it had not yet found ore in commercial amounts. In March of that year operations were suspended for an indefinite period. At the annual meeting in December, 1925 a receivership was being considered. In January, 1929, 300 shares were sold at $4.25 for the lot by A. J. Wright & Co., Buffalo, N. Y. The company has met current expenses in recent years through sales of equipment. An attempt in 1929 to secure a loan from stockholders failed and the company in 1930 was without funds. There is absolutely no market for the stock and believe it has little, if any, value at this time. (1934.)

Green Mountain Marble Co. The First National Bank of Boston informed us as follows on April 30, 1937: ".....regarding the above named bonds, advise that the Green Mountain Marble Co., has been in default for a great many years and soon after default a bondholders protective committee was formed, Mr. E. H. Gay of Boston acting as Chairman of said committee." "In Sept. 1928 we were advised by Mr. Gay that the Committee had made every effort to dispose of the property or to find some party that might be interested in acquiring it on some basis, but they had been unable to find anyone who would consider the purchase of the same, even for the assumption of taxes. They felt that they had exhausted every means in their power to dispose of the property and had reached the conclusion that the properties were without value and authorized The First National Bank of Boston (formerly International Trust Co.) as Depositary for said Committee to return the deposited bonds to the owners thereof on the surrender of the receipts representing same. From the above it would appear that the bonds are without value."

Greene Gold Silver Company. Company was organized under the laws of West Virginia on November 10, 1902, with an authorized capital stock of $15,000,000 par $10, which was increased in March, 1906 to $25,000,000 consisting of $3,000,000 preferred and $22,000,000 common. The organizer and promoter was Colonel William C. Greene and originally the company had an office at 24 Broad St., N. Y. C. Company offered 100,000 shares of capital stock in February, 1907, which was fully subscribed and again in April, 1907 100,000 shares were offered, of which only 10,000 shares were actually sold. In about 1908, this company became financially embarrassed and Col. Greene offered to return to the company $8,000,000 par value of the capital stock to be sold in order to raise additional capital. However, the stock could not be sold at that time when it was reported that there was only $82. actual cash in the treasury. Company apparently went out of existence in about 1908, as no trace can be found since. On Dec. 27, 1924, 1,000 shares of the capital stock sold at auction, in New York City, for $3. the lot, so that we believe it to be worthless. The Concheno Mining Co, a subsidiary of The Corrigan, McKinney Steel Company, located at Cleveland, Ohio, acquired the property of the now defunct Greene Gold Silver Company. The mine was reopened in 1922 after a shutdown due to the revolution. Incorporated under the laws of West Virginia in November, 1902. Capital stock $325,000,000 Par value $10. This corporation purchased the claims of Columbia Copper Co. after an adventuresome career, was placed in bankruptcy early in 1909 and all efforts to regain any portion of moneys paid for the stock have been unavailing as late as April 27, 1914. A stockholders litigation against some of the brokers who were most active in the sale of the stock was non-suited. In 1910 the recess of the State of West Virginia showed the corporation to be bankrupt. We submit the stock of the Green Gold Silver Co. as worthless.

Greenwater Copper Mines & Smelter Company. Incorporated under the laws of Delaware and still retains its corporate existence. We have been informed by Willard A. Mitchell, an attorney, of 141 Broadway, New York City, that the company has no assets expect a small balance in the bank, and a block of 99,500 shares of the stock of Tonopah Western Consolidated Mining Company, which owns mines or claims near Tonopah. The Tonopah Western Company is not operating at present, and he knows of no present market for the stock. He also informed us that the stock of Greenwater Copper Mines & Smelter Company has no market value, and no definite intrinsic value. The only chance the stockholders have is that operations on the Tonopah Western property may be renewed, and that such operations might result in giving a value to the Greenwater stock. On the other hand, the stock of the Tonopah Western is assessable and the Greenwater Company has no cash with which to pay any substantial assessment. The company has no office and both the President and Vice-President are dead and the Treasurer has retired. It is our opinion that these shares do not have more than a nominal if any, value.
Greenwater Furnace Creek Copper Co. Incorporated in Arizona in 1906 and filed no reports since incorporation. The charter of the company was forfeited by limitation on Aug. 18, 1931. We searched our mining records back to 1906 and found no record of this company's operations. We found no value to the stock and therefore believe the shares are without value.

Greenwood Land Company. We received the following letter from Mr. J. Churchill Owen, of Dines, Dines & Holme, First National Bank Bldg., Denver, Colo. dated Feb. 1, 1938. "The Greenwood Land Company was organized to acquire and hold title to land which was being occupied and used by Cherry Hills Club, a separate corporation, for a golf club. Members of the Club were required to purchase stock in the Land Company as a condition precedent to joining the Club. The Land Company in 1925 or 1926 issued $250,000 principal amount First Mortgage Bonds, the proceeds of which were used to complete the golf course and the club house. With the advent of the depression the mortgage fell in

default, and in April, 1936 the trustee for the bondholders commenced foreclosure proceedings. The foreclosure decree was entered in June, 1936. The property was purchased at the sale by an outside person, and the equity of redemption of the company expired in December, 1936. The only property owned by the Greenwood Land Company was covered by this mortgage. A deficiency judgement considerably in excess of $100,000 was entered against the Company in connection with the foreclosure proceeding, and today this judgement remains unsatisfied and the Company owns no property. On these facts it is my opinion that the stock of the Greenwood Land Company is worthless and became worthless in the year 1936 if not before.

Groton Chemical Company. Incorporated in Connecticut in September, 1926 and according to our correspondent at New London, Conn. the company has not been operating for some time. The company formerly operated at Paquonnock, Conn. and letters addressed to the company and its officers were all returned marked "unknown" or "unclaimed." We found no value to the stock and therefore believe the shares are worthless.
Groton Iron Works. Collect on the unstamped October Notes from the Travelers Bank & Trust Company, Hartford, Conn:
Groton Iron Works. No. 538, 6% 20-year note dated October 3, 1920 and due October 2, 1921. Your bond includes several items, which are as follows:

Note dated October 3, 1920	$1,916.89
Note dated April 3, 1920	2,396.11
Six months interest on note	57.51
Total	$4,370.51

The 4 per cent recently paid came from a security deposited as collateral for the October note issue and cannot be applied to any other note issue. The April note issue was secured by a mortgage from which nothing was realized. It would appear that your client's note is now worthless as all the collateral has been sold and the proceeds distributed pro rata to the noteholders. (1932.)

Guanacevi Tunnel Company. Incorporated in Arizona in 1904 and failed to file reports since incorporation. The charter expired by limitation on Sept. 12, 1929. We found no value to the stock.

Guanajuato Mining & Milling Co. Incorporated in New York, property located in Arizona. Company in 1911 had an office at 149 Broadway, New York City. President, Charles A. Fulton; Secretary, Theo. R. Heinricks. The records of New York State disclose that this company paid taxes from the years 1908 to 1912 inclusive after which it filed no reports. The company was dissolved by proclamation in 1926 and in our opinion the stock is of no value. The Irving Trust Co. successor trustee informed us that they never received any funds to pay on the bonds. They also stated that according to information received the company went out of existence many years ago. A letter from Jules R. Breuchand, the son of one of the former officers, now located at 155 E. 44th St., N. Y. C. states that the company did very little work in the mines as the revolution in 1911 stopped further activities and believes that nothing has been done since. We believe the bonds are without value. (1935.)

Guanajuato Reduction & Mines Co. This company is located at 500 Drexel Bldg., Phila., Penn. and its shares were last quoted in August, 1935 at 5 cents per share. The first mortgage bonds of the company are quoted at 12 flat. The company as of December 31, 1934, had fixed assets and mining rights of $1,817,245.54 and current assets of $507,003.89 against which there were $2,800,000. of first mortgage bonds outstanding; Bond Coupon Scrip $1,008,000.; Bond Interest accrued $1,008,000.; Bills payable $68,805.87 and accounts payable of $676,673.43. In view of the above we submit only a nominal value for the stock. (1934.)

Guanajuato River Mining Co. Incorporated in New York on March 4, 1903 and had an office in New York City. The certificate of dissolution was filed on September 18, 1924 by Proclamation of the Governor. The following were the last known officers and directors: John Russell Gladding, Providence. R. I.; Frank Matteson, Providence, R. I.; Erwin Knight, Providence, R. I. Attorneys, Van Slyck & Moulton. Our representative had occasion to go to Providence and upon investigation found that all of the above men were dead. We searched our mining records and found no records of this company's operations nor any value to the first mortgage bonds. It is our opinion that they are without value.

Guaranty Company of Maryland. Incorporated, Delaware, December 7, 1920. Officers: P. B. Leonard, Pres., Baltimore, Md.; E. L. Emery, Vice-Pres., Baltimore, Md.; W. T. Karow, Treas., Baltimore, Md.; W. C. Moore, Sec., Baltimore, Md. This company has been in the hands of a receiver since December 2, 1927. Before the preferred and common stocks are paid there are about two million dollars worth of collateral trust notes to be paid. Against this the company has collected approximately $600,000., some $400,000. of which has been distributed to the note holders. In addition the receivers have instituted suit against the directors in the amount of $1,800,000. and in the event of full recovery under this suit, there may be something available on the first preferred stock. However, it seems unlikely that the second preferred or common stock will ever have any value and whether or not the preferred stock will ever have any value depends largely upon the successful outcome of the above mentioned suit. We therefore believe that the First Preferred, Second Preferred and Common Stock had no market value as of July 13, 1929.

Guaranty Company of Maryland. The Maryland Trust Company of Baltimore, Md., holds funds to make payments on the unstamped Coll. Trust S. F. Notes represented by Certificates of Deposit, as follows:
Series "A"
Final distribution of $108.86 per $1000. bond.
Series "B"
Final distribution of $170.00 per $1000. bond.

Guardian Fire Insurance Company of New York. Funds for any outstanding unstamped stock are probably held by the Supt. of Insurance, of the State of New York.

Guardian Fire Insurance Company. Organized February 2, 1865 and had an office at 153 Broadway, New York City. Capital, $200,000. of which $120-000. had been returned to stockholders, leaving $80,000. outstanding. Report in 1893 states that company had retired from business, and risks re-insured in the Liverpool and London and Globe Insurance Company. Dividends, 1882, 5½%; 1884, 3%; 1885, 6%; 1886, 6%; 1887, 3%. Last financial statement in 1893 showed net assets of $22,480.29. According to the above, $60. per share was paid from capital. The net assets shown above amounted to $11. per share on the 2,000 shares outstanding. As your stock shows payments of 65½%, probably half of the $11. was paid and the remainder for expenses. We do not find any record of further payments and believe that 65½% was the total amount paid. In view of the above, we believe the shares are now worthless.

Guardian Trust Co. of Kansas City. Value of Cft. #283 for 37 shares stamped 54% paid in liquidation and issued in the name of Adolphe de Bary. The Deputy Clerk of the United States District Court of Missouri made a search of the record and did not find the above stockholder's name in the list filed by the Receiver at the time the balance in his hands was turned into the Registry of the Court. Therefore it is our opinion that your client received the pro-rata share due thereon in liquidation, and that the certificate has no further value. We understand that the stock of this company has a liquidating value of 54%. and that unstamped stock should be presented to the United States District Court, Western District of Missouri, Kansas City, Mo. for collection. We have been unable to confirm the above. Probably the State Banking Department of Missouri has further information regarding the liquidation of this bank.

Guardian Trust Co. of New Jersey. Value of Certificates of Participation. Incorporated in August, 1926 and consolidated with the New Jersey National Bank & Trust Co. on Sept. 27, 1928. Stockholders received for each share of stock held one and 3/5ths share of stock of the New Jersey National and one share (represented by a trustee's certificate) out of 50,000 shares (represented by trustee's certificates) in a trust fund containing net assets of approximately $7,300,000. The trust fund represented income producing assets including the capital stock of Guardian Securities Corp. Mr. Samuel F. Leber, Trustee, located at 60 Park Place, Newark, N. J. informed us that he cannot give us the value of these certificates. J. S. Rippel & Co. of Newark, N. J. informed us that the certificates have very little value and have sold for about 10 cents per share. Therefore we believe that 10 cents per share is a fair value for each share represented by certificates of participation as of Aug. 18, 1935.

Guardian Trust Company. (N. Y.) Value of Cft. of Deposit No. 15 for 40 shares of stock. In 1913 the Guardian Trust Co. pledged its assets as security for the assumption by the Empire Trust Co. of the deposit liabilities and an amount sufficient to pay a distribution of $50. per share. The actual stockholders deposited their stock with the Empire Trust Co. and received a certificate of deposit representing stock of the Guardian Trust Co., together with a

check for $50. per share for each share deposited. A year or two later the Liquidating Committee of Guardian Trust Company transferred the equity in the unliquidated assets to a business corporation known as Guardian Liquidation, Inc. whose stock was exchanged share for share for stock of Guardian Trust Co. which latter stock was cancelled. A few years thereafter the stockholders of Guardian Liquidation, Inc. were notified that the liquidation of the assets had been completed and had yielded an amount barely sufficient to pay the balance of indebtedness thereon. The stock was thereupon determined to be worthless, as no funds were available to defray the expenses of a formal dissolution of Guardian Liquidation, Inc.

Gulf, Florida & Alabama Railway Company. (Fla.). Value of C/D for First Mortgage 5% bonds due 1961 and Common Stock. The Manufacturers Trust Company of New York City, informed us that the property of this company was sold at foreclosure proceedings some years ago, and that the proceeds received from the sale were not sufficient to pay the Receiver's Certificates in full, which constituted a prior lien to the bonds. It is therefore our opinion that the above securities were worthless as of October 25, 1937.

Hamilton Loan & Trust Company. Incorporated February 1, 1887 in Nebraska and was located at 150 Broadway, N. Y. C. in 1893 and had its corporate office at Kearney, Nebraska. The company had outstanding $254,310. of first mortgage loans and $212,000. of debenture bonds. The Union Trust Company of New York was Trustee for most of the bonds. From what records we have on this case the first mortgage was foreclosed and the bonds were not paid in full. There was no equity left for the stock, which in our opinion is without value.

Hammond Steel Company. Value of Common Stock (Par $100.). Incorporated under the laws of New York. This company was placed in the hands of a receiver and under the plan of reorganization bondholders who did not subscribe received ten shares of stock of the new company (Sizer Steel Corporation) for each $1000. bond. No provision was made for either the Common or Preferred Stocks. The Sizer Steel Corporation failed and the property was sold at foreclosure sale. Undeposited bondholders received $106.75 for each $1000. bond, leaving nothing for the stockholders. Therefore we submit the stock of the Hammond Steel Company as valueless as of August 26th, 1931.

Harney Peak Tin Mining, Milling & Mfg. Co., Harney Peak Consolidated Tin Co. Ltd. Registered in England in 1887 and was located at 54 Old Broad St., London, England. This company was amalgamated with the Harney Peak Tin Mining, Milling & Mfg. Co. The company operated in the Black Hills district of South Dakota. In 1901 a receiver was appointed. The property of the company was foreclosed in 1909 and was purchased by the Pahasa Mining Co. According to reports a distribution was made on the bonds due June 1, 1891.
Harney Peak Tin Mining & Milling Mfg. Co., Harney Peak Consolidated Tin Co. We were informed that the prior lien bonds due June 1, 1891 of the above companies were not paid in full by Thomas Hewitt, Sheriff of Pennington County, South Dakota. The present sheriff holds no funds for any bonds. It is our opinion that there were first mortgage bonds due 1891 and first mortgage debenture bonds due 1895. When the property was foreclosed and sold and the bonds due 1891 were not paid in full there remained no equity for the bonds due 1895.

Harrison's Orange Huts, Inc. Incorporated under the laws of the State of Delaware on October 29, 1928, as a chain store organization engaged in the conduct of orange huts and sandwich shops throughout the Middle West, with its principal place of business located at 1502 Michigan Avenue, Chicago, Illinois. On July 8, 1931, Federal Judge Woodward appointed Sam Howard as receiver for the company. I found the following quotations for the capital stock for the year 1931, published by the National Quotation Bureau of New York City:

NAME OF BROKER	DATE	BID	ASKED
Paine Webber & Co., Chicago,	1/16/31	1M @ ¼	
H. Smith & Co., Chicago,	3/27/31	¼	
Burrell & Co., New York,	5/20/31	50 @ ½	
Paine Webber & Co., Chicago,	8/5/31		300 @ ½

The shares were listed on the Chicago Curb and found the following sales of the company's stock as reported by "The Economist":

DATE	HIGH-LOW	SALES
November, 1931	1/8-1/16	1300
October, 1931	1/16-1/16	800
September, 1931	3/16-1/8	1900
August, 1931	3/16-1/8	600
July, 1931	5/8-1/4	5600

I found no sales or market for the stock after November 21, 1931. It is my opinion therefore that the shares first became worthless sometime during November or December, 1931.

Hartman & Bennett, Inc. N. Y. 1935.

Hartman Coal Company. Value of First Mtge. 5% bonds due 1927. Incorporated in Ohio on December 27, 1904 and changed its name to The Ohio Cannel Coal Company on May 3, 1911. Articles of incorporation were cancelled March 1, 1923 and have not been reinstated to date. Our correspondent at Coshocton, Ohio made a search of the records of the County Clerk's office at Coshocton Ohio, and found the following assignments: Ohio Cannel Coal Co. to Bedford Coal By Products Co., Dec. 31, 1917, Vol. 124, page 166; Geo. Sneft (Receiver) for Bedford Coal By Products Co. to Curtis Palmer Woodbury, Jan. 10, 1924, Vol. 137, page 259; Curtis Palmer Woodbury et ux to Woodbury Estate Mines Inc., Jan. 10, 1924, Vol. 137, page 261; Woodbury Estate Mines Inc. to D. R. Foster et al., Jan. 2, 1934, Vol. 158, page 470; D. R. Foster et al. to State of Ohio (Conservation Dept.) May 20, 1935, Vol. 162, page 300. This pertains to 750 acres more or less in Bedford Twp. Coshocton County, Ohio. (5/1/1936.). According to the history of the above assignments the property finally reached the State of Ohio probably by default. We do not believe the bonds have any value.

Hartman Corporation. Incorporated under the laws of the State of Virginia and was located at Chicago, Ill. Mr. M. O'Bryan of Hartman's, successors to the Hartman Corporation informed us on November 21, 1935 that their principal assets on May 26, 1933 consisted of stock of the Hartman Furniture and Carpet Co. The latter company was adjudicated a bankrupt on February 18, 1933 at which time its liabilities exceeded its assets. These assets were sold on May 26, 1933 by the Trustee in bankruptcy. The sale brought sufficient to pay the creditors of the Hartman Furniture & Carpet Co. only 35c on the dollar, leaving no equity for the stock, which was the principal asset of Hartman Corporation. The stock of Hartman Corporation definitely had no value after May 26, 1933. Therefore, it is our opinion that the shares first became worthless in 1933 and the investment should be allowed as a tax deduction for that year. The adjudication of bankruptcy and evidence that liabilities exceeded assets, and the sale of said assets in the year 1933 when no equity remained for the capital stock is in our opinion sufficient evidence to indicate worthlessness.

Havana Tobacco Company. Incorporated in New Jersey and was reorganized as the Cuban Tobacco Co., Inc. in January 1924. Holders of certificates of deposit for bonds, preferred and common stocks of the Havana Tobacco Co. were exchangeable for stock of the Cuban Tobacco Co. Inc. In a report published in October 1924 the undeposited securities would have no rights under the plan if deposits were not made by Nov. 3, 1924. The plan stated that one new share of Cuban Tobacco was exchangeable for certificate of deposit representing 10 shares of old common. The new common shares are now quoted at about $6.00 per share, giving a value of 60c for each old share if the shares are still exchangeable. The Guaranty Trust Co. acted as transfer agent. Hayden Hill Consolidated Mining Company (Idaho). The company, located at Symons Bldg., Spokane. Washington, informed us as follows on October, 19, 1937: "Unfortunately, both Inspiration Lead Company and Silver Star-Queens Mines, Inc. have been inactive for some time due to circumstances beyond our control. Consequently, it would be impossible for us to make any definite statement with regard to the future although we hope to eventually work out some plan which should be beneficial to everyone concerned. On the other hand, although Hayden Hill Consolidated Mining Co., has continued to make progress from a mining point of view its shares have met the usual trading fate often accorded the shares of mining companies during the development and initial operating period.

Heath Aircraft Corporation. Incorporated in Illinois and was located at 1727 Sedgwick St. Chicago, Illinois. The last known address was 11 South La Salle St., Chicago, Ill. in care of Walter A. Clinnin. The Chicago Better Business Bureau, Inc. located at 111 West Washington Street, Chicago, Ill. informed us on May 4, 1936 as follows: "In reply to your letter of April 29th, information from our files and from a local contact, indicates that at some time prior to January, 1932 the Heath Aircraft Corp. moved to Niles, Michigan, and was taken over by the International Aircraft Corp., a Delaware corp. organized January 18, 1933. On July 18, 1933 an involuntary petition in bankruptcy is said to have been filed against the International Aircraft Corp. in the U. S. District Court and Fred E. Hummel appointed receiver, but apparently the assets were later turned back to the officers. We were informed that in 1934 a Toledo bank foreclosed on the company's building in Niles and that other assets were attached by the Collector of Internal Revenue." In view of the above it appears that the shares became worthless in 1934 when the company lost all its assets and ceased to function.

Heermanch Storage & Refrigerating Company. This company is located at 313 Greenwich Street, New York City. Mr. Fred H. Norton, President, informed us that the company is a comparatively small corporation and there is no active market for its stock, but has paid 8% dividends on the preferred and common stocks for years. Mr. Norton also informed us that he could sell the preferred and common at $75. per share. In view of the above we believe the preferred and common are worth $75. per share. (12/1/29).

Helena Gas & Electric Co. Acquired by American Power & Light Co. who assumed all obligations. The preferred stockholders received par and accrued dividends. The common stockholders received one share of American common for each share held. and 25¢ per share in cash. We believe the Chase National Bank, New York City, made the exchange and payment.
Helena Light & Ry. Co. Succeeded by Helena Gas & Electric Co.
Helena, Mme., Hat Shop, Inc. N. Y. 1934.
Helena Mfg. Co., Inc. N. Y. 1935.
Helena Mining & Reduction Company. This company was organized in Montana and operated some time prior to 1883. It failed and went out of existence shortly after its inception. It has been listed as dead, (4/10/34).
Helena Power & Light Company. Succeeded by Helena Light & Traction Company. The property was sold at foreclosure sale on May 20, 1902 for $200,000. There were outstanding $600,000 of bonds that probably received about 30%, leaving no equity for the stock, which is without value.
Helena & Red Mountain R. R. Succeeded by Northern Pacific R. R. We believe cash and securities were paid for old securities.

Henrietta Copper Mining Company. (Colo.) The Adam & Eve Investment Company, located at Colorado Bldg., Denver, Colorado, informed us in June 1925, that the property of this company was foreclosed by the bondholders on October 27, 1931, and was bought in by the Trustee. The company was reorganized as the Blue Bird Mining & Milling Co. At that time the above investment company stated that the old stockholders could send in their stock to them accompanied by one cent for each share, and receive a like amount of stock of the Blue Bird Company.

Hewitt Corp. N. Y. 1935.
Hewitt Mining Company, Ltd. The following is a copy of a letter received from the Provincial Secretary's office: "I beg to advise that the last return filed with this department by the above company is that as of the 31st of December, 1928, which set out the following information. President, A. M. Wood, 1975 Bathgate Ave., Bronx, N. Y.; Secretary, Solomon Zeitlin, 71 E. 100th St., N. Y. C.; Treasurer, Abraham Pellach, 1521 First Ave., N. Y. C.; Manager, Charles Pierce, Timmins, Ontario; Chief Officer, J. E. McVeigh, Carleton Chambers, Ottawa, Canada; Head Office, Charleton Chambers, Ottawa, Canada. Although the charter was not formally surrendered or cancelled, it would appear from a letter on file from Mr. McVeigh that the company has been defunct for some three years and that the former President died in N. Y. C. early in the year 1933. Apparently the shares are without value.

Hibernia Mine Railroad Company. F. T. Dickerson sold this road to the Central Railroad of New Jersey for an amount which we understand netted the stockholders about $90 per share.
Hibernia Underground Railroad Company. Value of Capital Stock (Par $100.) We interviewed Mr. D. R. Hummer, of Dover, New Jersey, who was the former secretary to the president, George Richards, and he stated that the road was a total loss and the stock worthless. Operations on this road were suspended in 1895 and freight was transferred to the Hibernia Mine Railroad that ran near there. The Hibernia Underground Railroad was originally absorbed in the Clendon Iron Company, which was taken over by predecessors of the Warren Foundry & Pipe Corporation of Phillipsburg, New Jersey. We examined the Will of George Richards, president, at the Surrogates Office at Morristown, New Jersey. and found that the shares held by the Richard estate were carried at zero in 1905.

Hollis Park Terrace Development Co. Company was organized under the laws of the State of New York with a capital stock of $575,000 and in 1913 the officers were given as follows: President, S. M Bard; Treasurer, Thomas W. Davies; Secretary, George A. Faber; Director, Bradley W. Lewis. The office was located at 341 Fifth Ave., N. Y. C. In 1914 the office was moved to 47 W. 34th St., N. Y. C. and in that year the company was dissolved. We are unable to find any trace of the corporation or the directors since the year of 1914 but assume that the corporation was dissolved and the stock, of course, can be of little value at the present time.

Holmesburg Tacony & Frankford Electric Railway. The bondholders represented by the Disston Committee received new bonds par for par and 25% in stock in lieu of defaulted interest. The holders other than the Disston Committee were offered by the Syndicate the right to exchange their bonds par for par up until a certain date. The Haenlen Committee notified the bondholders who held C/D issued by the Fidelity Trust Company for First 5% bonds, that upon presentation of their certificates at the Trust company they will be paid 80% of the par value of their bonds. A further payment was contemplated when the amount of assets could be accurately determined.

Hudson Bay & Pacific Railway Co. The "Monetary Times" of Toronto for Sept. 21, 1912, contains a history of this bankrupt enterprise from A. T. Burgess, Receiver, of the Hudson Bay & Pacific Development Company. It appears that under its call on the railway company's stock and bonds the development company received stock $4,000,000. and bonds $900,000. practically the whole of which went in bonuses and commissions and security for the loans, while all the company had to show was 300 miles of track surveyed and 75 miles of bush road. There were also floated in England about $500,000. of spurious bonds of this company. As far as we are able to ascertain the shares are entirely worthless.

Hudson River Day Line. Plan of reorganization dated Aug. 1, 1936 has been consummated according to an announcement made by the committee headed by Henry L. Bogert, Jr. New certificates were issued by Bankers Trust Co., N. Y. C. Roy W. Lord, 15 Broad St., N. Y. C., Secretary; Wright, Gordon, Zachry & Parlin are counsel.

Hudson River Electric Co. The First Mortgage 5% bonds dated 1901 have a decree value of $976.32 per $1000. bond. Collect from the Guaranty Trust Company, New York City.

Hudson River Electric Power Co. The property of this company was foreclosed, and the proceeds realized from the sale was sufficient to pay only $274.66 on each $1000. First Mortgage 5% bond dated 1904, leaving no equity for the stock. Unstamped bonds should be presented to the Irving Trust Co., N. Y. City, for collection.

Hudson River Fill Co., Inc. N. Y. 1935.

Hudson River Garage Co., The. N. Y. 1934.

Hudson River Land Co. N. J. 1937.

Hudson River Navigation Co. The 6½% Conv. First Mtge. bonds due 1951 received distribution of $17.50 on account of each $1000. bond and all appurtenant coupons maturing Nov. 1, 1931 and subsequent thereto, from the City Bank Farmers Trust Co., N. Y. City, on April 1, 1937. We understand that a previous payment of $600. was made on each $1000. bond.

Hudson River Navigation Corp. Del. 1935.

Hudson River Navigation Corporation. In January 1938 it was reported that the company filed a petition to reorganize, listing Assets at $50,705. and Liabilities of $106,829.

Hudson River Power Transmission Co. The Ref. bonds dated 1905 have a decree value of $789.79 per $1000. bond. Collect from the Knickerbocker Trust Company, New York City, now Irving Trust Company.

Hudson River Towing Corp. N. Y. 1934.

Hudson River Traction Company. This company was consolidated with the New Jersey & Hudson River Railway & Ferry Co., in 1910. The bonds were not disturbed. The roads were leased to the Public Service Railway Co., of New Jersey for 999 years, guaranteeing the interest on the bonds. The 1st 4% bonds due 1950 of the New Jersey & Hudson River Railway & Ferry Co., which were subject to the Hudson River Traction 1st 5's of 1950, were quoted at 101 on March 1, 1913. We believe the Hudson River bonds were worth 105 as of March 1, 1913 although we found no quotations on the bonds.

Hudson River Water Power Co. The First Mortgage bonds have a value of $1,197.52 per $1000. bond. Collect from the Chase National Bank, New York City.

Hudson Telephone Company. The New York Telephone Company informed us that their company, under date of Dec. 13, 1917, purchased from Thomas F. Tumalty, as receiver of the Hudson Telephone Company, the physical property of said company. According to the report of the Receiver, after the payment of administration expenses, etc., there was no surplus in the hands of the Receiver for the payment of anything on account of the claims of the creditors. Therefore we would assume from the above, that the shares are without value.

Hudson View Gardens, Inc. Incorporated in New York State and operates a cooperative apartment at Pinehurst Avenue and 183rd St., New York City. According to information received the corporation has paid its taxes and interest to date. On Feb. 8, 1936, 140 shares of stock of this company were sold at auction at $3100. for the lot or about 45% of its par value. We understand that this price was low compared with the sale of other apartments. The Estate of George F. Maddock holds 167 shares of stock and in my opinion is worth around 60% of its par value or about $5000. for the lot. While we believe this figure is fair for estate tax purposes, we would suggest that a survey be made of the other apartments in the building, comparing their location and selling prices and arrive at a fair figure.

Hughes Petroleum Company. Company was organized under the laws of the State of Delaware in 1919 with a capital stock of 500,000 shares of which there were outstanding 155,264 shares, no par value. Originally the company was reported to have property located in the States of Texas and Louisiana and with Felix T. Hughes, President and R. M. Frost, Secretary. The office in 1921 was at 37 Wall St., N. Y. C., since which year no office for the company can be found. William P. Lemley & Co., of Pittsburgh (now apparently out of business) offered a limited amount of this stock in August 1919. On May 3, 1924 we find that 500 shares of this stock sold at auction in New York City for $1. the lot and it is our belief the shares have no value today.

Humboldt Consolidated Mines Co. The files of the Arizona Corporation Commission show two companies by this name as follows: One company was incorporated in Arizona in 1909 and has failed to file annual reports since 1917. The charter of the company expired by 25 year statutory limitation on August 13, 1934. The other was incorporated in Arizona on February 20, 1911 and has failed to file annual reports since 1922. This company will become legally dead on Feb. 20, 1936.

Humboldt Mining Company. Incorporated in Delaware and was located at 437 Drexel Bldg., Phila., Pa., in care of T. F. Taylor, President. We received a letter from the Plymouth Consolidated Gold Mines, Ltd. located at 410 Citizens Bank Bldg., Wilmington, Del. to the effect that the company was reorganized as the above and in order to exchange the 200 shares of Humboldt for a like amount of Plymouth stock, the shareholders would have to pay 25c per share for each share held. The 25c per share is a price fixed for the additional equities represented by the shares of the Plymouth, it is claimed, in the Parcioneros mine, in which stock of the Humboldt Mining Co. represented no equities. The right if not exercised at once will, according to the company, expire at once. It is our opinion however, that if we had the stock we would not be inclined to make the change. (1934.)

Humphrey's Oil Company. As of September 1, 1923 the Pure Oil Company purchased properties of Humphrey's Oil Company. Details of the sale of Humphrey's Oil Company and Humphrey's Petroleum Company to the Pure Oil Company included an initial payment of $250,000. for control, augmented on August 30, 1923 by payment of $750,000. and still another payment of $8,000,000. on September 15, 1923. The entire transaction involved a payment of about $26,000,000. of which $18,700,000. went to the Humphrey's Oil Company and $7,372,000. to the Humphrey's Petroleum Company. The purchasers were to deposit $9,000,000. with the Chase National Bank, New York, on September 15, 1923, and the stockholders had from that time until October 20, 1923, to deposit their certificates. Aside from the Humphrey's Oil stock already owned by the Pure Oil Company there were 450,000 shares in the hands of the public. The price paid for the stock was $50. a share, of which $20. was paid September 15, and the remainder at the rate of $6. a share every two months over a period of ten months.

Husted Realty Company. In regard to this company, we have been advised by Mr. Frederic Cromwell, who was one of the directors, as follows: "I beg to acknowledge your letter regarding Husted Realty Company. The Husted Realty Company was formed by members of the Husted family to hold certain real estate in Brooklyn. The property was sold many years ago, and the Realty Company went out of existence at that time. A member of the Husted family died a few months ago, and no doubt certificates of the Realty Company have turned up. These have no value." In view of the foregoing, we therefore submit that as of the date of death, September 26, 1928, this stock was without value.

Hutto Engineering Company. Incorporated in Michigan. Mr. H. P. Kirchner, former President of the company, located at Niagara Falls, N. Y., in care of The Carborundum Company, informed us on May 12, 1937 as follows: "The entire assets of the Hutto Engineering Company, Inc., were sold by the Detroit Trust Company, as trustees, under certain foreclosure notes held by them during 1935 and 1936. Subsequent to this period, the directors of the Hutto Engineering Company, Inc., applied for a certificate of dissolution for the corporation." "The amount received, as a result of the sales, was not sufficient to liquidate the outstanding indebtedness and there was no remaining equity for the common stock." "The writer has no information in connection with the dissolution of the company in 1926, this date being prior to his connection with it."

Hydraulic Steel Company. This company was incorporated in Ohio in 1919 to take over the business of the Hydraulic Pressed Steel Co., and its subsidiaries the Cleveland Welding and Mfg. Co.; Hydraulic Steel Craft Company and the Canton Sheet Steel Co. The plant at Canton, Ohio was sold as of May 29, 1922 to the United Alloy Steel Corp. The plant of the Cleveland Welding & Mfg. Co., was sold June 19, 1926 to the Cleveland Welding Co. Company's property aggregated 13 acres in Cleveland, Ohio of which 10 acres were built on. In October 1923 the company defaulted in the Indenture provisions of the 8% notes of 1930 and subsequently on Oct. 26, 1923 upon application of officials of the company Federal Judge D. C. Westenhaver at Cleveland appointed T. P. Goodbody, vice president, receiver of the company. A reorganization committee consisting of Walter C. Janney, Chairman, and S. C. Duncan of 113 S. Fourth St., Phila., Pa., as Secretary, and Dustin McKeehan, Merrick, Arter & Stewart Cleveland,

counsel. Creditors have been requested to deposit their claims with the Cleveland Trust Co., preferred stockholders with Guardian Trust Co., of Cleveland. Committee's address was 1529 Walnut St., Phila., Pa. Company was placed in receiver's hands and an attempt to reorganize was unsuccessful and the remaining assets were sold at foreclosure on March 30, 1928. The sale on this day was approved by the court and it is estimated that the noteholders and creditors claims did receive about 70 cents on the dollar. Both preferred and common stock were wiped out and we believe they are of no value at the present time. Collect on unstamped bonds from the Guardian Trust Company, Cleveland, Ohio.

I. S C. Corporation. Organized about 1920 and is reported to have issued 1,500-$500 par value bonds which entitled the purchasers to membership in a sporting club. In 1922, Tex O'Rourke was mentioned as secretary and the office of the club at 110 W. 42nd St., N. Y. C. Mr. Tex O'Rourke is now Vice President of Card Display, Inc., 254 W. 31st St., N. Y. C. The club was declared bankrupt in 1922 and we understand the only asset is a claim against Tex Rickard for $5000. which is believed to be uncollectible while the liabilities outstanding greatly exceed this claim. Apparently there is no possibility of anything being realized for the bondholders. On Dec. 29, 1923 we find that one $500 bond sold at auction in New York, N. Y. for $2. Mr. J. Anthony Drexel Biddle who signed these bonds as an officer informed us several years ago that the bonds have no value.

Idaho Irrigation Company Ltd. Adj. Mtge. 6% bond due 1928. Regarding the above company our records indicate that under date of December 31, 1927, the Idaho Irrigation Co., Ltd. advised the Equitable Trust Co. of New York, Trustees under the above mortgage, that it had no funds available with which to pay the principal or any part of the interest due on the above bonds. Interest on bonds of this issue prior to January 1, 1928 was payable only as declared by the company, the last interest declared payable being that represented by coupons of Series 6 and 7 declared payable July 1, 1919. The property subject to the lien of the above mentioned mortgage was sold by The Equitable Trust Co. of New York and Lyman Rhoades, as Trustees under the said Mortgage, on Sept. 14, 1928, pursuant to Section 5 (a) of Article Seven of said Mortgage, to Mr. Murray Brookman for $4,000. which was merely a nominal bid, the real consideration being an agreement of the Adjustment Committee to liquidate the property purchased by Mr. Brookman in their behalf and to apply the proceeds after paying expenses toward the payment of the bonds. Mr. Brookman was acting on behalf of the Adjustment Committee the members of which were appointed by the Mortgage itself as the representatives of the bondholders. It is our understanding that the property which was subject to the lien of the mortgage can be best liquidated by carrying on the process of liquidation insituted by the mortgagor company, i. e. by making sales of lands and water rights to settlers, and by collecting the purchase price of the various lands and water rights previously sold and to be sold over a period of years. This is the plan of the Committee, and Mr. Brookman, who has had a great deal of experience with irrigation projects of this kind, will act as their agent in carrying out the proposed liquidation. In other words, the situa-

tion now is that the Committee has been substituted for the Company and the Trustees as the agency by means of which the property will be liquidated for the bondholders. We are, of course, unable to say when a sufficient sum will have been collected by the Committee to warrant distribution on the bonds, but it will not be for some time, because there are expenses of the sale and counsel fees for services rendered to the Trustee over a long period of years which will have to be paid first. We are unable to advise you regarding the value of the above described bonds, due to the fact that there has been no market for these bonds for some considerable time. For any further information we suggest that you write to Mr. R. B. Marchant, 37 Wall St., N. Y. C., Treasurer of the Idaho Irrigation Co., Ltd. and one of the members of the Adjustment Committee. Illinois Coal Corporation. We received the following letter from The Pennsylvania Company for Insurance on Lives and Granting Annuities, Philadelphia, Pa., signed by Mr. H. E. Righter, Asst. Sec'y and dated April 14, 1938. "We acknowledge your letter of the 11th inst. inquiring as to the status of certificates of deposit representing Illinois Coal Company First Mortgage 7% Bonds Series 'A.' Replying thereto would say that these bonds deposited with a Bondholders Committee of the Illinois Coal Corporation were deposited by the Committee as collateral for loans to meet current operation expenses of the property. Due to the very unfavorable conditions in the coal industry in Illinois, it was finally decided to discontinue the operation of the property in order to avoid further losses." "On July 30, 1934, demand for the payment of the loan was made by the banks holding the obligations of the First Mortgage and General Mortgage Bondholders' Committees for which the deposited notes were pledged as collateral. Upon their failure to comply, the notes and securities were sold at public auction on August 31, 1934. On April 11, 1935, judgments of $458,969.67 were entered against the property. These bonds are of no value."

Illinois Midland Railway Co. (Ill.) Property foreclosed. United States District Court at Springfield, Illinois, informed us in 1936 that only $8.38 was realized from the sales of the properties of the Illinois Midland Ry and the Paris and Decatur RR after all expenses of the sale were paid. The above amount which remains unclaimed is now in the hands of the United States Treasurer. The securities of both companies are worthless.
Illinois, Missouri & Texas Railway Company. The Treasurer of St. Louis-San Francisco Railway Company informed us as follows on April 1, 1937. "The Illinois, Missouri & Texas Railway Company was a Missouri corporation, incorporated March 31, 1871, and was succeeded by Cape Girardeau Southwestern Railway Company, Oct. 15, 1884, and in turn by St. Louis, Cape Girardeau & Fort Smith Railway Co., June 3, 1891, succeeded by Southern Missouri & Arkansas Railway Co., May 3, 1899, succeeded by St. Louis, Memphis & Southestern Railway Company; Feb. 1, 1902 succeeded by St. Louis and San Francisco Railroad Co.; July 19, 1907 and by St. Louis-San Francisco Railway Co., Sept. 15, 1916. The bonds purporting to have been executed by The Illinois, Missouri & Texas Railway Co., secured by an instrument dated May 2, 1871 are of no value, the said instrument having been, many years ago, judicially declared to be null, void and fraudulent. The decree to said effect is to be found in the records of the Circuit Court of Cape Girardeau Co., Mo., in Book L, pages 741 to 756 inclusive. By the terms of the said decree the then surviving trustee under the mortgage and all persons claiming under him were perpetually enjoined and restrained from pleading or setting up said deed or intermedling with, or attempting to dispose of the property therein conveyed."

Illinois Women's Athletic Club, Chicago, Ill. The first mortgage on the property of the above company is pledged as collateral along with other mortgages to secure Prudence bonds in the 7th Series. Although these bonds are in default, there has been no foreclosure sale nor any reorganization. The bonds are actively quoted and a loss may not be taken until a loss has occurred. However, there were bonds issued by the Illinois Women's Athletic Club that were junior to the first mortgage. These bonds were wiped out in 1934 after a partial foreclosure sale of the arrears only. This foreclosure did not disturb the first mortgage.

Imperial Copper Company. We received the following letter from the American Smelting & Refining Co., 120 Broadway, New York City, dated January 13, 1938, and signed by R. F. Goodwin, Resident Engineer. "The properties formerly belonging to the Imperial Copper Company were located in Pima and Pinal Counties, Arizona. As a result of foreclosure proceedings brought in the Superior Court, Pima, Arizona, in the case of Bankers Trust Co. v. Imperial Copper Co., and J. H. Martin, Trustee in Bankruptcy of Imperial Copper Co., intervenor, the properties were sold by Merrill P. Freeman, Receiver, on March 31, 1915, and purchased by one Leo Goldschmidt of Tucson, Arizona. Pursuant to an agreement dated March 7, 1916, betweent Leo Goldschmidt and American Smelting & Refining Company, the latter purchased the properties in question." "This company was never a stockholder of the Imperial Copper Company and never had any dealings with such stockholders. Its interest in the premises arose after Imperial Copper Company became a bankrupt and after its properties had been sold at the receiver's sale, which, as above mentioned, occurred in 1915. We have no knowledge as to whether the Imperial Copper Company owned any other assets or credits than the mine referred to." We received the following letter from the Clerk of the Superior Court, L. H. Burges, of Pima County, Ariz. Re: 4923 Bankers Trust Co. vs Imperial Copper Co. et al: "This case was filed on July 3, 1911 by Messrs. Ellinwood & Ross, whose offices are now located in Phoenix, Arizona, as attorneys for plaintiff." "Judgment was entered in favor of the plaintiff on Dec. 28, 1914 and the property was sold under execution. There is nothing in the records of this office to show whether the property was redeemed or not, the last entry being September 3, 1918 when satisfaction of judgment of costs was filed. I have referred your letter to Messrs. Ellinwood & Ross, who may be able to give you further information."

Indiana Flooring Company. The New York Trust Company, New York City, sent us the following circular letter sent out by the Bondholders Committee, dated Dec. 9, 1936. Further information should be requested from Beekman, Bogue, Leake, Stephens & Black, 15 Broad St., New York City. "This letter is sent to all holders of Certificates of Deposit for the above mentioned bonds (First Mortgage 6½% Fifteen Year Sinking Fund Gold Bonds under Bondholders Agreement dated as of January 2, 1929) bringing to date the information contained in a letter dated Nov. 1, 1935 similarly sent to holders of Certificates of Deposit. As you have been informed, the principal asset of the bondholders is the entire capital stock of Indiflor Realty Corporation which corporation owns free from encumbrances the property situated at Rider Avenue and 137th St., Bronx, N. Y. This property has an assessed value of $60,000. On May 7th, of this year your Committee received from the Trustee-in-Bankruptcy of Indiana Flooring Company the sum of $6,215.61 as the final dividend of 2 18/100ths per cent. There are now bank deposits to the accounts of your Bondholder's Committee and Indiflor Realty Corp. in the sums of $13,777.17 and $647.52 respectively. The undersigned Committee plans to continue holding the real estate until an advantageous offer can be secured. In the meantime, in order to take care of overhead expenses, we have leased three of the four buildings on the property under leases, with cancellation clauses, for a total of $2,700 annually. During the last year, due to the increased income from rent and the savings on the salary of a watchman, who was no longer needed after the premises had been rented, your Committee realized a small profit on the property. Prior to last year overhead expenses had amounted to several thousand dollars annually in excess of any income." "We understand that there have been several recent condemnation proceedings in the Rider Avenue vicinity in order to secure property for a wider approach to the new Tri-Borough Bridge. It is felt by your Committee that this situation should increase the chances for a sale of your property in the future." The First 6½% bonds due 1940 have a decree value of $148.82 per $1000. bond. Collect on unstamped bonds from the Irving Trust Company, New York City.

Indianapolis & St. Louis Railroad Company. 8% bonds due 1881. The New York Central informed us on November 19, 1936 as follows: "We are advised that the Indianapolis & St. Louis Railroad Company, after the construction of its property from Indianapolis to Terre Haute, Ind., operated its own line from July 4, 1870 to May 23, 1872; it then went into the hands of a receiver appointed by the United States Circuit Court for the District of Indiana, which was continued until September 18, 1882, when it was conveyed by William P. Fishback, Master in Chancery of the court mentioned, to the Indianapolis & St. Louis Railway Co. Foreclosure proceedings were brought on behalf of bond holders under a mortgage dated October 1, 1870 and another mortgage dated July 1, 1871, and of this last the Trustees were Thomas A. Scott and Oscar Townsend. The proceeds of sale of foreclosure presumably were paid by the purchaser into the hands of the United States Court at Indianapolis, or its agent. It is possible you might be able to obtain from the court mentioned, information as to the disposition of such proceeds." The United States District Court of Indiana informed us on November 25, 1936 as follows: In answer to your letter of November 23, 1936 you are advised that a search of our registry ledger discloses that in 1879 there were certain sums of money paid into court by the Indianapolis and St. Louis Railroad Co., which were remitted to C. N. Jordan, Cashier Third National Bank, New York, in the following amounts: On October 30, 1879, the sum of $34,495.47; on July 15, 1879, sum of $18,509.76; on August 15, 1879, the sum of $26,379.15; on September 15, 1879, the sum of $33,745.14. "On November 20, 1882, it appears that there was paid into court as proceeds of sale the sum of $96,320.49, out of which sum $93,000. was paid to John H. Devereux, Receiver, under order of Court and the balance was distributed for costs. From this record it would appear that there were no moneys paid into court for bondholders. I have not searched the records in each one of these cases as this would take too much time and I cannot do this for you." The Third National Bank of New York City now National City Bank holds no funds for these bonds. In view of the above it would appear that the bonds are worthless.

Incorporated in Delaware on Oct. 13, 1914 and is no longer in existence having filed dissolution proceeding on Nov. 20, 1920. The last annual report was for the year 1919 showing offices at 1845 B Street, N. W., Wash. D. C. Treasurer, Henry C. Fuller. Mr. Fuller, now located at Columbia Medical Bldg. Wash. D. C. informed us on June 6, 1936 that when this company dissolved it had no assets. The company operated on leased property. The back taxes and farmers pay took all the remaining assets which consisted only of second hand implements on dissolution. There was no equity left for the bonds and capital stock.

Industrial Securities Company. Incorporated under the laws of the State of Delaware January 23, 1927 and acquired for itself a very questionable reputation. Its various enterprises were never known to have been a financial success for its stockholders. Among the companies promoted by this company headed by C. R. Cole were Drymond, Smith Company, Mutual Electric Company and the Perfection Tire and Rubber Company. The Industrial Securities Company issued an indemnity bond for the protection of investors against loss on purchases of securities from this concern which was issued with each sale of stock as a carefully drawn up guarantee which called for the repurchase of the stock at a given time at double the price at which it was sold. In January 1920 the company was thrown into receivership. This action was taken we understand to forestall the collecting of more than $500,000 on indemnity bonds maturing on Dec. 31, 1919. The company finally failed and C. R. Cole went to Texas. There is no doubt that both the stock and indemnity bonds are without value at the present time. Company's charter was declared void on January 23, 1922 on account of taxes being unpaid for two years.

"On January 8, 1930, we were appointed Co-ancillary Receiver on Innovation Trunk Co. On March 28, 1930, Mr. A. C. Foote was elected Trustee of the bankrupt estate, and the assets in the possession of the Ancillary Receivers were turned over to the Trustee. As we did not liquidate the estate, we have no information as to what dividends were paid to creditors, and if there was any distribution to stockholders." "We do not have readily available, Mr. Foote's address, but that no doubt can be located from the records on file with the Clerk of the Court, if you care to examine them." We refer you to the United States District Court for the Southern District of New York for the final disposition of this matter.

Inspiration Needles Copper Co. Incorporated in Arizona in 1912 and has failed to file reports since 1932. The company's charter expired by limitation on January 18, 1937. Our mining records state that the company has been idle since 1917, except for assessment work. It would therefore appear that any outstanding shares on which assesments were not paid were forfeited years ago, and have no value. According to the Treasurer of Gila County, Globe, Arizona, the company is still on the tax roll. The taxes are tendered by Mr. Dan Williamson of Globe, Arizona, on behalf of Mrs. Marguerite Copp. Letters addressed to Mr. Williamson have not been answered nor returned. We found no market for the stock.

Insull Utility Investments, Inc. Incorporated in Illinois on Dec. 27, 1928 to carry on an investment business and hold securities of all kinds. On April 16, 1932 receivers were appointed on petition of a debenture holder. On Sept. 22, 1932, the company was adjudicated a bankrupt and Calvin Fentress was continued as receiver in bankruptcy. The balance sheet of the company at April 16, 1932, as prepared from an audit report of Arthur Andersen & Co. and filed Sept. 13, 1932 in the U. S. District Court at Chicago listed assets of $27,473,365. and liabilities of $105,947,768. Pursuant to a ruling by Federal Judge Mack in July 1935 dismissing a suit on behalf of company's debenture holders, who sought to share in collateral held by New York banks as security for loans to company, this ruling allowed all banks to dispose of the collateral which represented the entire assets of the company. Adjudication of bankruptcy and evidence that liabilities exceeded assets were held to indicate worthlessness. Therefore it is our opinion that the capital stock of the company became worthless on Sept. 22, 1932 when the company was adjudicated a bankrupt.
Insull Utility Investments, Inc. On Oct. 27, 1937, it was reported that holders of Series A and Series B debentures will get $5.09 per $100. bond. plus $2. to $4 additional. On Feb. 26, 1938, it was reported that the Debenture holders would realize about 8 cents on the dollar in the final liquidation.

Insurance Securities Co. Inc. Incorporated in Louisiana on July 9, 1925 as a holding company to acquire controlling interests in insurance companies. On January 6, 1933, Clay Beekner of New Orleans and S. Sanford Levy of Union Indemnity Co. were appointed receivers. Main office, Union Indemnity Bldg. New Orleans, La. According to reports an inventory filed on May 11, 1933 showed total assets of $598,088. Case Insurance Securities Company, Inc. versus Tropical Printing Company, Inc. No. 200,445 of the Docket of the Civil District Court for the Parish of Orleans, State of Louisiana. On the 17th day of January 1933 an order was rendered authorizing the undersigned to employ auditing firms of Peat, Marwick, Mitchell & Co. and Emile Bienvenu jointly to make an audit of the books, records and accounts of Insurance Securities Co. Inc. The auditors' report has been completed and the undersigned have caused a copy thereof to be filed in the proceedings in which the receivers were appointed. The report is voluminous, and it is not possible for us to furnish copies thereof. The amount of liabilities is greatly in excess of the appraised value of the company's assets and that accordingly it would seem apparent that the stock of Insurance Securities Company, Inc. does not have any value. The receivers of Insurance Securities Co. Inc. have not heretofore and will not hereafter maintain facilities for the transfer of stock of Insurance Securities Co. Inc. nor will they hereafter send further notices to interested persons regarding the said company. In view of the above and for the fact that the liabilities exceed the company's assets in 1933 it is our opinion that the shares first became worthless in 1933.

Intercontinent Petroleum Corp. Incorporated in 1916 in Delaware as Mexican-Panuco Oil Company to acquire all the stock of the English Oil Co., S. A. incorporated in Mexico. Besides these interests the corporation acquired extensive concessions in Mexico, South America and Turkey. In March 1933 the company reduced its liabilities to $30,000. and its item of leases and properties from $10,145,729. to $1,750,000. Mr. A. S. Pratt, an attorney and former Secretary of the company, located at 120 Broadway, N. Y. C. informed us that the company gave up its foreign concessions in 1934 at which time there were not sufficient funds left to pay the franchise tax. Mr. Pratt further informed us that the stock became worthless in 1934. On Feb. 20, 1934, Seldon, Morfit & Harney, Inc. of St. Louis, bid 1/16 per share for 1100 shares. On March 27, 1934 Gonder Kelley & Co. of N. Y. C. bid 1/16 per share for 500 shares.

International Coal Products Corp. Organized under the laws of Virginia with capital stock of $16,000,000. and the following are the latest officers and directors rendered: Victor N. Roadstrum, President and Director; James A. Blair, Jr., V. President and Director; Edward C. Bailey, Secretary and Director; John B. Dennis, Director; Edwin A. Packard, Director. The following reported to us under date of April 24, 1928 by Victor N. Roadstrum: "The assets of the company consist of 36,000 shares of the no par common stock of the Consolidated Coal Products Company of more or less value and the company owns practically no other assets. As at December 31, 1927 the corporation owed $7,759,722.64 representing moneys advanced to it from time to time by the so called Blair interests. As a matter of fact, the so-called Blair interests own all of the liabilities of the corporation as well as practically all of its capital stock. Ordinary business prudence has for a long time dictated the foreclosure of the corporation but the so-called Blair interests have so far preferred to advance from time to time the moneys necessary (which have not been inconsiderable) to keep the corporation alive. How long they will wish to continue this policy I am unable to state, but in any event the stock of the corporation has no value. The situation is the same today."

International Light & Fuel Co. Incorporated in Illinois on Jan. 17, 1889 and was dissolved by action of the Attorney General, in the Superior Court of Cook County, on June 4, 1920. Chancery No. 7040. According to reports, the company had never filed an annual report since organization. The Clerk of Superior Court, Cook County, Chicago, Ill. informed us that their records do not show if any unclaimed funds were set aside and held in trust for stockholders. The shares in our opinion are worthless.

International Light & Power Co. Incorporated in Maine on Dec. 17, 1908 and filed its last return in 1924, but was excused Nov. 27, 1923 having ceased to transact business. The officers on the 1924 return were as follows: President and Treasurer, B. A. Younker, 521 Fifth Ave., N. Y. C.; Director, Henry Uttal, 521 Fifth Ave., N. Y. C. (1935.) Mr. Uttal reports that the company never functioned and the shares have no value. The only stockholder was a Mr. Stahl whose present address is California. Mr. Uttal says that Mr. Younker knows Mr. Stahl's address.

International Pearl Co. Incorporated in New York about 1906 and its assets consisted of patents and a process for the cultivation of pearl oysters. In 1908 the company then located at 85 Fifth Ave., N. Y. C. informed us that the company had no income and the process had not produced any results. All the money paid into the company was expended in the effort to prove the process which was evidently a failure as the secretary of the company informed us in 1916 that the stock was valueless. Therefore we submit the stock as worthless.

International Poultry Sales Co. We received the following letter from the Camden Safe Deposit & Trust Co., Camden. N. J. signed by Mr. Henry R. Fredericks, Asst., V. P., and dated December 10, 1937. "Acknowledgment is made of your letter of December 8, 1937 informing us that your client is the holder of one or more International Poultry Sales Company First Mortgage 6% Gold Bonds payable January 1, 1935. For your information, the mortgage under which these bonds were issued and secured was foreclosed several years ago and the property sold, the amount realized from the foreclosure sale representing only 2.8% of the face value of the bonds. At the time of the foreclosure there were three methods of paying the bondholders their proportionate shares realized.
1. The bondholders who originally filed their claims with the Receiver were to receive their proportionate share from him.
2. Others who deposited their bonds with the Bondholders' Protective Committee, the depositary for which was the Lincoln Trust Co., Scranton, Pa. were to be paid through this source.
3. There were also deposited with the Camden Safe Deposit & Trust Co. as Trustee for the bondholders, 2.8% of the amount of each outstanding bond, which had not filed with the Receiver or deposited with the Bondholders' Protective Committee.
"If you will give us the numbers of the bonds which your client holds it will enable us to determine which method of payment of the bonds."

Island Oil & Transport Co. 8% Notes due 1926 have a decree value of $6.23 per $1000. bond. Certificates of Deposit for these bonds received $290. plus ½ share of stock.
Island Oil & Transport Corp. Incorporated in Virginia and lost its charter on May 31, 1928. The last annual report filed was for the year 1922. The company held control of several companies, one of which, was the Cia Petrolera Capuchinas, S. A. The stock of this company along with all the other assets were sold to satisfy the noteholders. The actual bonds received $6.23 on each $1,000 bond and certificates of deposit for said notes received $290. in cash and one half share of Antillian Corporation for each $1000 certificate. Mr. Phillips, of Chadbourne, Hunt, Jaeckel & Brown, located at 70 Pine St., New York City, attorneys for the noteholders, confirmed the above, and informed us that the company still holds about $60,000 for contingencies. The Mexican Government informed us that the Cia Petrolera Capuchinas, S. A. has not been in operation since its inception. The company does not belong to the Island Oil & Transport Corporation as the stock was sold some time ago. Any attempt to exchange stock of another company for stock of Island Oil plus a cash payment, is, we believe, another form of selling new stock. This same method was tried with the stockholders of the Alvarez Mining Co. and was stopped by the Security & Exchange Commission. Any attempt to lead the stockholders of Island Oil to believe that their stock has any value is, in our, opinion, a misrepresentation of the facts. The shares in our opinion are absolutely worthless, because any equity that may remain out of the $60,000 will got to the noteholders. The 8% Notes due 1926 have a decree value of $6.23 per $1,000 bond. Collect from the New York Trust Company, New York City.

Island Refining Company. The First 7% bonds have a decree value of $60.20 per $1000. bond, representing two payments. One payment was made by the Manufacturers Trust Company, New York City, and the other by Special Master Carlton Beattie, United States District Court, New Orleans, La.
Island Refining Corporation. The Participation Certificates are redeemable at the Bank of Manhattan Company of New York City at the rate of .30¢ per 1/50097ths.
Island Refining Corporation. The total principal amount of 7% bonds issued by the company in 1919 amounted to $5,500,000. according to a report dated May 1932. With the exception of the claim for breach of contract, all of the assets were liquidated in 1924 and the net proceeds were distributed to the bondholders. An action for breach of the 50,000,000 barrel oil contract dated April 15, 1919 was brought by the Irving Trust Co., receiver of the company, against the Mexican corporations that were subsidiaries of the Island Oil & Transport Corp. The Mexican companies were awarded all, or practically all, the funds held in the Island Oil & Transport Corp., receivership and in the event that this award was sustained a judgment in the action above mentioned would have been collectible. However, we were informed that the Irving Trust Co., lost the suit against the Mexican companies about June of 1933, at which time, the bonds of the Island Refining Corp., had no further value and believe they should be allowed as a deduction for income tax purposes for that year. We were also informed that if the Irving Trust Co., had been successful in its suit the bondholders would not have been paid in full. This fact was known in 1924 when said claim was the only remaining asset. Therefore it is our opinion that the shares first became worthless in 1924 and should not be allowed as a loss after that date.

Ivernia Oil Company of Coffeyville, Kansas. Organized in Arizona in 1904 with a capitalization of $150,000. A Mr. Willis Arthur Lane of Rochester, N. Y. was reported as the financial attorney. The company claimed to have held 120 acres on which four wells were drilled. This land was located near Coffeyville, Kansas, then a new oil producing section. President, Frank D. Mannis; Secretary, W. A. Saul. In 1906 it was reported that this company was inactive through lack of funds and adverse conditions in Kansas oil fields, and it was doubtful if the company held title to its lease at that time. It was reported that the company has filed no reports since 1904. The charter of the company has expired by limitation. We do not attach any value to the stock.

Jarvis, Clarence L., Inc. Md. 1936.

Jarvis Conklin Mortgage Trust Company. Organized in Missouri and carried on an extensive business in Western mortgages. On November 1, 1886, the company entered into the following arrangement—The Mercantile Trust Company of New York, now the Bankers Trust Company, was made Trustee for $1.325,000. of Debenture bonds, secured by $1,328,-279. of mortgages and notes. On January 1, 1899, the New England Safe Deposit Company of Missouri, was made Trustee for $1,991,212. of Debentures, secured by $2,145,200. of mortgages and notes. The Boston Safe Deposit & Trust Company of Mass., was made Trustee for $310,000. of Debenture bonds, secured by $311,621. of notes and mortgages. The New England Safe Deposit Company was made Trustee for another issue of $886,775. of bonds, secured by $880,000. of notes and mortgages. The Law Guarantee & Trust Co., of Great Britain was made Trustee for $896,000 of bonds. Mr. B. Alfred Tryer of Winslow, Cheshire, England, was made Trustee for $1,939,393 of bonds secured by $1,943,260 of notes and mortgages. When the company defaulted on the various notes and mortgages, receivers were appointed on September 28, 1893. The schedule filed on May 31, 1895, showed an indebtedness of $8,383,-449.64 and contingent liabilities of $10,506,895. The collateral held by the various trustees were sold for the benefit of the debenture bonds and several payments were made thereon. We received the following letter from Mr. W. C. Meyers, Asst. Secretary of the Bankers Trust Company of New York City, dated Feb. 3, 1938. "Bankers Trust Company is successor by merger to the Mercantile Trust Company, Trustee for the Debentures of the above mentioned Mortgage Company. As you are no doubt aware a great part of the records of The Mercantile Trust Company was destroyed by fire in January 1912 and the information which we have in our files at the present time is meager. It appears that the debentures were originally issued against deposit of not less than the face amount of real estate mortgage and other securities."

"It further appears that the company defaulted on the interest payment due September 1, 1893 and thereafter. On September 28, 1893 Samuel M. Jarvis of Kansas City, Missouri and Roland R. Conklin of New York were appointed Receivers by the United State Circuit Court for the Second Judicial District, Southern District of New York. In the Commercial and Financial Chronicle for June 30, 1894, we find that The Mercantile Trust Company arranged to sell the notes pledged under Series A, B, C, D, E, F, G, I, J, K, L, N, P and Q on July 19, 1894. The Chronicle for July 21, 1894 further states that these notes were sold for 40% of their face value to Henry W. Cannon, Chairman of the Reorganization Committee, which had 99% of the debentures on deposit." "A letter in our files dated Dec. 7, 1897, indicates that the majority of the debentures had come into the possession of the North American Trust Co., although this letter does not state in what capacity these Debentures were held. The letter indicates that the latter mentioned company held $1,274,800 principal amount of debentures and that $51,000 principal amount were outstanding in the hands of the public" "A cancelled $500 debenture bond Series N, dated March 1, 1888, due March 1, 1898 with interest at 6% which is in our possession bears the following: 1) The sum of $41.75 being a dividend of .0835% has been paid hereon from the general assets of the Jarvis Conklin Mortgage Trust Co., pursuant to decree of U. S. Circuit Court of the Southern District of New York filed March 2, 1897.

Roland R. Conklin and Joseph C. Willets, Receivers.

2) Default having been made on the within debenture and the securities therein mentioned having been sold and the proceeds of such sale together with all money in the possession of the trustee applicable thereto having been applied to the payment of said debenture, the owner and holder of such debenture hereby acknowledges receipt of a dividend of 49.749% of the par value of such debenture and releases the trustee from all liability thereon and authorizes the cancellation of this certificate.

(Signature of bondholder).

"A cancelled $100. bond of Series Q dated September 1, 1888 due September 1, 1898 which is in our possession bears the latter mentioned stamp, the percentage however being 47.837." "At the present time, we do not hold any funds applicable either to debentures or coupons, nor do our files contain any record of the disbursement of such funds." The Boston Safe Deposit & Trust Company of Boston, Mass., informed us on January 28, 1938, that they made the following cash distributions to the bondholders in 1894 as the result of the sale of collateral held by them as Trustee, to secure the Debentures:

Series	Bonds Issued	Percentage of cash Distribution
M	$98,500	45.364%
O	92,500	42.506%
R	89,900	52.13 %
S	30,000	45.345%

We received the following letter from the Board of Trade, Companies Department, 4 Central Buildings, Matthew Parker Street, London, S. W. 1., England, dated March 4th, 1938. "With reference to your letter of the 26th of January, I am directed by the Comptroller of the Companies Department to inform you that no reference to any Debenture bonds of the above Company appears in the Accounts furnished in the liquidation of the Law Guarantee Trust and Accident Society Limited which went into voluntary liquidation on the 13th December 1909 and became dissolved on the 19th March 1923." "Dividends amounting to 19/6½ on the £ were paid to the creditors in that liquidation, certain unclaimed sums being paid into the Companies Liquidation Account and it is possible that the name of the Debenture bondholders in question may figure amongst those to whose credit these amounts were paid in." "I am to add that the Chief Accountant of the Supreme Court Pay office states that he is unable to trace any record of the opening of an account in the books of his office in connection with the above company."

Jefferson-Calhoun Mining Co.	Incorporated in Colorado and was located at 926 Stock Exchange Bldg., Chicago, Ill. In 1911 it was reported that the company was idle and that mail was returned from the mine office at Russell Gulch, Colo. President, Louis D. McCall. In 1916 it was reported that the company was adjudged bankrupt and its property sold under judgment proceedings. The company was subsequently reorganized as the Calhoun Cons. Mines Co. There was no provision made for the old stock which is in our opinion without value.

Mr. Sands informed me on September 24, 1937, that no work has been done on the company's property since 1927, but it collects rents and pays taxes. The company owns 28 mining claims (approximately 480 acres) in the Verde Mining District, Jerome, Arizona, which were assessed at $18,485.09 for the year 1937. The total receipts for the year 1936 totaled $539.50 while disbursements amounted to $740.65. I found no market for the stock at any time. (Jan. 28, 1937).

The First National Bank of New York City, informed us on April 13, 1917, that the company has miscellaneous securities and cash amounting to about $250,000 to $260,000 and the stock has a book value of from $25. to $26. per share. On October 10, 1911, the company received $6,992,000 from the City of Jersey City representing the purchase price of the property. The First National Bank purchased the bonds at par and interest. The stock was reduced from $1,000,000 to $10,000 on Oct. 13, 1911, at which time a liquidating dividend of $99. per share was paid. In Dec. 1935, a dividend of from 35¢ to 55¢ per share was paid. The final liquidation of the company will not be consumated until certain litigation has been disposed of. According to various opinions the company will be successful in the suit, and in the final liquidation the stockholders may receive from $18. to $22. per share. In the event of an adverse decision the stockholders will receive nothing.

Jim Butler Mining Company. Incorporated in Delaware, and has an office at 500 Bullitt Bldg., Philadelphia, Penna. The company did some work in 1925 on a group of lead claims in the Lone Mountain district, but early in 1926 its option automatically expired by not remaining in continuous operation. The company has interested itself in several new camps, but met with indifferent results. It has apparently been inactive since 1928. There was absolutely no market for the shares at any time near Feb. 25, 1932.
Jim Butler Tonopah Mining Co. (Del.) Succeeded by Jim Butler Mining Co. One new share was issued for each 4 shares held.

organization as the charter has expired some 8 years ago making the stock very hard to dispose of. At this time I cannot make you an offer for the 25 shares, but in the early spring we intend to try to reorganize and start the old place up again, the mine is there. Would suggest you contact Mr. Fred Muller whose address you can get from Mr. Millard H. Newman, 11 East 26th St., N. Y. Both these gentlemen hold considerable stock in Johannesberg." The company owns the following property located in Cascade County, Montana, and recorded as follows: Book 2; Page 208: Line 9.

Johns, L. D., Company. Incorporated New Jersey, May 9, 1901. Capital stock $500,000 authorized $100,000 issued, par value $10. Officers: President, Paul Chatham; vice-president, Ernest Dunles; secretary and treasurer, R. L. Davis. The company's stock was held by physicians, who were supposed to benefit therefrom, so that they could buy supplies at a reduction. In 1918 a plan of reorganization was submitted to stockholders which provided for an exchange of stock with the Johns Tablet Company, a Delaware corporation, which was to succeed the old company. On February 18, 1918, the New Jersey charter was forfeited for non-payment of taxes, and later, on January 20, 1926, the Delaware charter of the Johns Tablet Company was forfeited for non-payment of taxes. In view of the above we believe the stock of this company as worthless and submit it as such as of June 6th, 1931.

Kansas City, Lawrence & Topeka Electric RR. Succeeded by Kansas City, Merriam & Shawnee RR.

Kansis City Leavenworth & Western Ry. Succeeded by Kansas City, Leavenworth & Western Transportation Co. in 1932.

Kansas City, Leavenworth & Western Railway. The First Mortgage 5% bonds due 1940 probably have a decree value. Write to the Cleveland Trust Company, Cleveland, Ohio, for further information.

Kansas City, Memphis & Birmingham Railroad. Our records disclose that stock of this company deposited with the Old Cololny Trust Company of Boston, Mass. for sale to the Pierce Syndicate, received $50. per share. The holders of Income Bonds were offered 95.

Kansas City, Mexico & Orient Ry. Co. Cft. of Dep. for bonds and stocks worthless.

Kansas City, Mexico & Orient Railway Company. The First Mortgage 4% bonds due 1951 have a decree value of $130.50 per $1000. bond. Collect from the United States District Court, Topeka, Kansas.

Kansas City & Omaha RR. Special Master paid $9.11 on each $1000. bond.

Kansas City & Omaha Railroad Company. Our records disclose that the bonds of this company were exchangeable for stock of the Kansas City & Omaha Railway Company in 1900. This exchange apparently applied only to deposited bonds, because the Special Master made distributions of $9.11 on each $1000. bond, probably the undeposited bonds. The Central Hanover Bank & Trust Company, New York City, was Trustee. The unclaimed funds may be held in the Court where the foreclosure proceedings were brought.

Kansas City, Outer Belt & Electric Railroad Co. The bonds have a decree value of $71. per $1000. bond. We refer you to the United States District Court, Kansas City, Mo., for further information. The Chemical Bank & Trust Company, New York City, holds certain funds for distribution on bonds represented by Certificates of Deposit of this company.

Kansas City Railways Co. Reorganized as Kansas City Public Service Co. in 1926. No provision made for old stock.

Kansas City-Texas Gas Co. Del. 1935.

Kansas City, Viaduct & Terminal Railway Co. Value of 4½% Cum. Income bonds. Incorporated in Missouri in 1905 to construct a private right-of-way of reinforced concrete and steel toll viaduct, extending from Bluff & 6th St., Kansas City to Minnesota & 4th St., Kansas City. Funded Debts: Outstanding $3,302,000. First Mtge. bonds due 1934. Coupons due July 1, 1909 to Jan. 1, 1911 inclusive, were almost wholly funded into income bonds. The amount of income bonds representing funded interest of 1st mtge. bonds aggregated $3,000,000. The company's property was advertised for sale on May 1, 1917 under foreclosure of the 1st mtge. free and clear of all liens and was sold at the upset price of $500,000. to the committee representing the 1st Mtge. bondholders. The first mortgage bonds were not paid in full leaving no equity for the cumulative Income Bonds which are without value.

Kawich Gold Mining Company of Nevada. Incorporated under the laws of Nevada. In 1905 it was reported that the company held 14 claims in the Kawich District of Nevada, which was reported as a prospect and no development work had been done up to that time of any account. We have found no trace of the company since then and believe it is out of existence and the stock worthless.

Of the total assets carried on the balance sheet at $5,776,069.46
assets valued at 4,082,867.37
were pledged with the United States Mortgage and Trust Company, Trustee, under a certain indenture dated December 1, 1926, as security for notes of $2,269,416.67 and participation receipts outstanding under the indenture, leaving assets of $1,693,202.00
that were not pledged under the above indenture, against which there were liabilities of $1,200,809.50
indicating a tentative book worth of assets not pledged as of June 30, 1929 of ..... $ 492,392.59

According to the appraisal made of the assets of Minor C. Keith, Inc. by the Executors of the Estate of Minor C. Keith in conjunction with the Surrogate Court as of June 30, 1929, the following doubtful or unrealizable assets were listed that were not pledged under the indenture:

The above clearly indicated that the Voting Trust Certificates representing the capital stock of Minor C. Keith, Inc. had no realizable equity as of June 14, 1929. I am familiar with the type of security comprising the total $725,146.01 of doubtful and unrealizable assets not pledged under the Schroder Loan and at best the market for such investments was so limited in June 1929 as to be unattractive to an outside investor. I recall that the market in 1929 was a speculative market where the investor was looking for a quick turnover and not long term investments. None of the items listed show any great chance for gain. Indeed the item of $392,080.-05 owed by the Keith Estate I am sure would not be considered a realizable asset in view of legal restriction surrounding collection from a decedent estate. In view of the contingent liabilities of the deceased the danger of insolvency was present even in June 1929. I note the total estate liabilities, contingent and fixed, including the guarantee of the $2,269,416.67 Schroder Loan, amounted to over $6,000,000. There appears in the list Staked Plains Trust, Ltd. $28,281.76; Minor C. Keith Florida Properties, Inc. $30,000.; J. L. Sudduth mortgage $84,000. representing real estate ventures that could be liquidated if at all over only a long period. The remaining securities in the list I note are stock interests or ownerships in properties of such a varied nature and in so many different places that I cannot imagine an investor interesting himself in them. The important items listed as shown, R. W. Hebard & Company, Inc. $159,674.00; General Lead Batteries Co., $192,500.00; Atlanta & St. Andrews Bay Railway Company $131,000.00; were all closely held corporations without any market for their securities and nothing tempting about them to a speculator. Against the foregoing assets unpledged under the Schroder Loan I note quick liabilities of $738,084.44. The quick assets appear to be only $241,644.02. Under the provisions of the loan agreement and indenture the sale or exchange of any of the collateral pledged to secure the outstanding notes and participation receipts was under the control of the Bankers Committee until such time as all the notes outstanding should have been paid and the holders of the participation receipts satisfied. The holders of the participation receipts were entitled to be paid an amount equivalent to 25% of the appreciation in value of the collateral pledged under the indenture. The period of the loan was five years, extending from December 1, 1926 to December 1, 1931. On December 1, 1931 the collateral was to be appraised and the amount to which the participation receipt holders were entitled, was to be then determined.. From an examination of the indenture it was not possible to purchase the Voting Trust Certificates of Minor C. Keith, Inc. and secure direct ownership and control of the collateral pledged as it was necessary for the Trustees to hold the collateral until December 1, 1931, in order that a determination might then be had of the amount due to the holders of the participation receipts and payment made to them thereon. It was quite clear that said Voting Trust Certificates had no value as of June 14, 1929 as they could not have been converted into cash until December 1, 1931. Furthermore, in view of the appraisal, of the $725,146.01 of doubtful or unrealizable assets not pledged under the indenture, made by the Executors of the Estate of Minor C. Keith in conjunction with the Surrogate Court and the restrictions under said indenture, I do not believe that any banker or business man would contemplate the purchase of the Voting Trust Certificates of Minor C. Keith, Inc., at any time near June 14, 1929, as said certificates had only a problematical value as of that date. For inventory purposes I do not believe the Voting Trust Certificates had more than a nominal value as of June 14, 1929 the date of decedent's death, after due consideration of all the circumstances stated (June 1937). The 5% Notes dated December 1, 1926, received a partial distribution of $130. in respect of each $5000. principal amount of Notes with December 1, 1931 and subsequent coupons attached. Kellenworth Corporation (N. Y.) Value of Capital Stock, No Par Value. Incorporated in New York on February 21, 1935, and is located at Locust Valley, N. Y. The Assistant Treasurer of The Creek Club, informed us as follows on Aug. 19, 1937: "I am writing you this note regarding the one share of Kellenworth Corporation stock. It is my opinion that this share can be considered to be of nominal value. At a meeting of the Board of Governors of The Creek Club held in the Spring of 1935, new by-laws were adopted and new classes of membership were established which do not require that the newly elected member be a shareholder of the Kellenworth Corporation, as has heretofore always been the case. There are a substantial number of shares in the hands of the treasury which will in all probability remain there for a long time, even indefinitely, because it is obvious that new members, when they may enjoy the privileges of the Club without being share owners, will not care to invest several thousands of dollars in the shares. From this you will see, therefore, that there is no market whatever for the shares and if sold at auction would bring a very small amount. The only forced sale that I have ever known resulted in the receipt by the owner of $50. for his share. This information will no doubt enable you to fix a realizable value in case of a forced sale. Now as to the value in liquidating. Of course, the Kellenworth Corporation owns the property on which the golf links were built and it is a valuable piece of property. There is, however, a mortgage on same in the amount of something over $300,000., I believe, and the shares would have a value in liquidation only after sufficient amount had been realized to discharge the mortgage. It is very problematical if the shares would have other than a nominal value in case it were necessary to liquidate the Club." In view of the above, I believe $50. was a fair value for the share as of Jan. 8, 1937.

Kentucky Block Cannal Coal Co. Incorporated in West Virginia. Mr. F. G. Henman, who was formerly Secretary of this company, now located at 15 William St., N. Y. C., informed us on Feb. 25, 1937, that this company was dissolved in 1934. Its land, excepting some small parcels which have been sold, still remains to be disposed of when and if a purchaser can be found. There are $28,000 of bonds outstanding and after settlement of claims only a small percentage of the face value of the bonds will be paid, which will leave nothing for the capital stock.
Kentucky Coal Company. This company has been completely dissolved and all its assets distributed. Such assets as remained, were distributed to stockholders by exchange of stock, share for share, for stock of Kycoga Land Company. Kentucky Coal Company stock has no value, and should be turned over to Mr. Hadden, as it should have been surrendered when the Land Company stock was received. We have correspondence on hand between Mrs. Wood and Mr. Hadden to substantiate this.
Kentucky Consolidated Stone Co. Plan of reorganization confirmed on Aug. 3, 1936. Succeeded by Kentucky Stone Co. Cfts. of Dep. for bonds, received a new $300. bond and 10 shares of common stock for each $1000. bond. Fidelity & Columbia Trust Co. of Louisville, Ky., trustee.

Keokuk & Des Moines Railroad. It was reported on July 18, 1874, that a dividend of $3. per bond would be paid upon presentation of assessment receipts to J. Augustus Johnson, New York City.
Keokuk & Des Moines Railway Company. Amount realized from proceeds of sale of property secured by a first mortgage at the rate of $464. per $1000. bond. Amount payable pursuant to order of the Court, dated Nov. 24, 1924, from cash in the hands of the receivers, at the rate of $145. per $1000. bond. Amount payable pursuant to order of Court, dated April 3, 1925, being final distributive share of balance of cash in the hands of the receivers, at the rate of $32.59 for each $1000. bond. Total payments amounted to $641.59 per bond. Holders of 5% First Mortgage bonds due Oct. 1, 1923, may be presented at the office of the Bankers Trust Company, Des Moines, Iowa, for payment of the above amounts.
Keokuk & Hamilton Bridge Co. Value of 2nd Mtge. 5% bonds due 1981. Interest was defaulted on these bonds April 1, 1935. There are outstanding $178,000. of first mortgage 6% bonds on which interest is being paid. In addition each year the company must amortize $18,000. of this issue. The company enjoys almost a stable gross income of about $123,000. per annum, net $58,362. In about nine years the first mortgage bonds will be paid and the second mortgage bonds will become first mortgage bonds. As $18,000. of the first mortgage bonds are retired each year the earnings applicable to the second mortgage bonds will increase. The earnings at the present time are only sufficient to pay about 3% interest on the second mortgage bonds. At this rate the bonds should be worth about $300. per $1000. bond. (1935.)

Virginia, Pennsylvania, Kentucky and Arkansas. On August 21, 1930, Z. E. Merrill, R. J. Ritchie and C. A. Southerland were appointed receivers of the company. The company earned 109 times its fixed charges and .99 times its fixed charges and preferred dividends. The quarterly dividends on the $6.50 preferred stock due in August 1930 had not been paid. It is reported that the current liabilities of the company exceeded the current assets by $780,364. We have been informed by brokers that there is absolutely no market for the $6.50 preferred stock. Chadbourne, Stanchfield & Levy, attorneys, informed us that they have no knowledge as to the market value of said stock nor were they in a position to advise as to the stocks book value inasmuch as an audit of the corporation and subsidiaries had not been completed. The value of the $6.50 preferred stock may, of course, depend upon the treatment afforded that stock in any possible reorganization of the corporation, but as yet no reorganization plan has been formulated. In view of the above and that the company is in the hands of receivers, we do not believe the $6.50 preferred stock had more than a nominal value as of October 13, 1930 and submit it as such as of that date.

Kings Park National Bank. This bank is located at Kings Park, N. Y. and was closed on March 4, 1933. According to a report published in February of 1934 the bank was in liquidation. The depositors waived 40% of their deposits in order to have the bank open under the new name of National Bank of Kings Park. It is therefore unlikely that the 40% will be repaid to the depositors when the bank is completely liquidated and would leave nothing for the stock which is now considered worthless. (1934.)

Knickerbocker Steamboat Company. Value of $500. 6% bond due 1911, stamped as having received $154.95 in liquidation. Incorporated in New York and was located at 5 Nassau St., N. Y. C. The corporation went into receiver's hands and dissolved in 1906. It was reported that as a result of foreclosure sale of the company's property, the bondholders received $309.90 per $1000. bond, leaving no equity for the capital stock which is without value. As the above bond is stamped as having received its pro rata share of the company's assets in liquidation, it has no further value.
